

# Virtual Mental Health Care For First Responders

Get matched with a specialized therapist or prescriber covered by your insurance today.

Telemynd is committed to ensuring quality mental health care for first responders, from wherever you are. We've created a secure and accessible mental health platform with highly specialized providers uniquely qualified to help first responders. If you're ready to connect with an in-network licensed therapist, prescriber, or peer group reach out to Telemynd today.

## Covered By Insurance

Aetna members have access to our national roster of licensed therapists and prescribers. No matter where you are, you can conveniently meet with a licensed provider that is a part of your network plan.

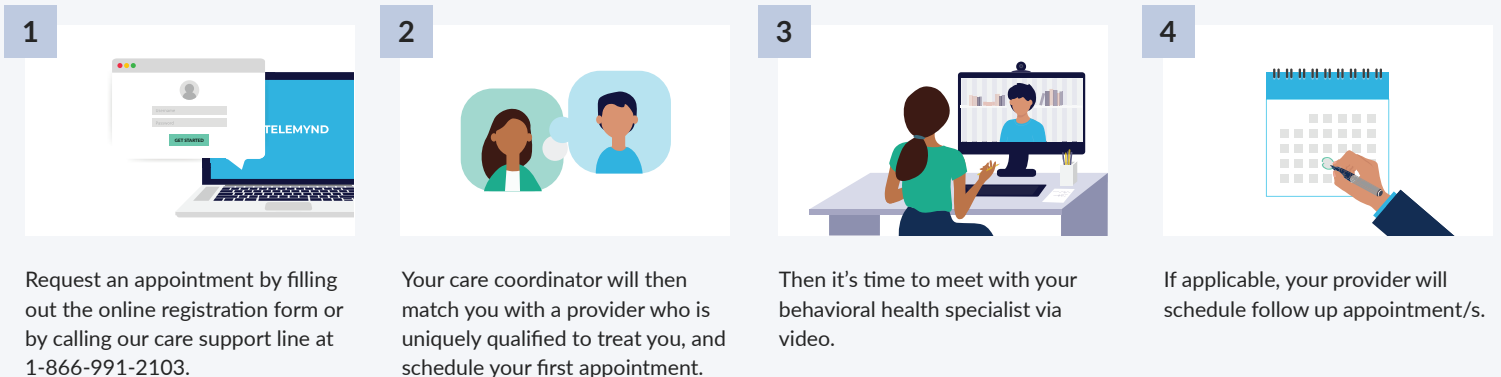

## Designed For Your Needs

Access a range of mental health services, from talk therapy to e-prescription medication and more. Discover the care that's right for you, whether that's occasional support or more targeted, intensive care.

## Personalized At Every Step

Not sure what kind of support you need? We can help. Your personal Care Coordinator will work with you to understand your needs, and match you with a provider who specializes in first responder care and who fits into your schedule.

## How It Works

**80K**

Hours of mental health care delivered to new patients seeking treatment each year.
