This health care plan has been selected by the State Employee Benefits Committee of the State of Delaware. The plan benefits are funded by the State of Delaware and are administered by Highmark Blue Cross Blue Shield Delaware (Highmark Delaware).

Highmark Delaware’s First State Basic PPO plan provides the freedom of choice you experience with a Preferred Provider Organization (PPO) that allows you to receive both in-network and out-of-network benefits. This plan allows you access to Blue Cross Blue Shield's nationwide network of providers. A list of these providers is available at [www.bcbs.com](http://www.bcbs.com).

In-network services are subject to plan-year deductibles of $500 per employee and $1,000 per family. The plan will then pay at 90% of Highmark Delaware’s allowable charge. The in-network plan year total maximum out-of-pocket (TMOOP) is $2,000 per employee and $4,000 per family. Deductibles, coinsurance and copays accrue toward the TMOOP. Preventive services are covered in-network at 100% of the allowable charge and are not subject to any deductibles, coinsurance or copays.

Out-of-network services are subject to plan year deductibles of $1,000 per employee and $2,000 per family, and then the plan will pay at 70% of the allowable charge. The out-of-network plan year total maximum out-of-pocket (TMOOP) is $4,000 per employee and $8,000 per family. Deductibles, coinsurance and copays accrue toward the TMOOP.

The First State Basic PPO Plan includes coverage for services such as inpatient care, prenatal and postnatal care; emergency services, mental health and substance abuse treatment, and many outpatient services, including, but not limited to: labs, x-rays and other imaging services, vision care, chiropractic and other therapy benefits. For additional information contact Highmark Delaware's Customer Service staff at 844.459.6452.

This booklet may be viewed at: [https://de.gov/statewidebenefits](https://de.gov/statewidebenefits)

This booklet explains your benefits. Please read this booklet carefully and keep it handy.

Use the Table of Contents to find topics. A list of terms is given at the back of the booklet.

In this booklet, we sometimes abbreviate terms. For instance:

- **PPO** means Preferred Provider Organization

This plan pays only "covered services." See the Schedule of Benefits for a list.

This booklet is not a contract. It explains your plan for easy reference. The benefits, terms and conditions of your plan are in an Account Contract on file with the Statewide Benefits Office, Office of Management and Budget. The Account Contract is the final determination of the benefits and rule of your plan.

This booklet explains the benefits in effect as of July 1, 2019. It replaces all previous booklets.

The next pages describe what's covered under your First State Basic benefit plan. Please read through these pages to make sure you know what's covered. Knowing what's covered helps you get the most from your health plan.

Services may have limits, copayments, deductibles, coinsurance and total maximum out-of-pocket (TMOOP). The limits indicated refer to a maximum benefit available for a service, not necessarily the number of days or visits determined to be medically necessary.

Benefits are also subject to the exclusions listed in the section, "What is Not Covered." Benefits and exclusions are described in the next sections. Please read the next sections.

All payments are based on Highmark Delaware's allowable charge. Highmark Delaware determines the allowable charge.

Preexisting conditions are covered.

Any limits (such as days or dollar amounts) are combined for In-Network and Out-of-Network care. The combined limits determine when you reach the maximum.

*In network Colorectal screenings that are scheduled as routine and follow the preventive schedule parameters, are covered at 100%. However, should the performing provider find polyps and remove them at the time of the procedure, the screening may change to diagnostic. Therefore; diagnostic, instead of preventive/routine benefits, will be applied to all claims related to this procedure submitted as diagnostic.

COPAYMENTS, DEDUCTIBLES, COINSURANCE AND TMOOP

In the *Schedule of Benefits*, we refer to copayments, deductibles, coinsurance and TMOOP. These amounts are your share of payment. These terms are described below.

**COPAYMENTS**

Your Urgent Care Facility benefit has a copayment. After the copayment, care is paid at 100%.

Here's how copayments work:

- You pay only one copayment to the same provider in the same day.
- If you see more than one provider the same day, you pay one copayment to each provider.

**Copayments should be paid to the provider at the time you receive care.**

**IN-NETWORK DEDUCTIBLE, COINSURANCE AND TMOOP**

Your In-Network benefits have a $500 plan year deductible per person. Except for preventive benefits and visits in to urgent care facility, you pay the first $500 for services.

You also have a $1,000 plan year family deductible. This applies when two family members each meet their $500 deductible (totaling $1,000). Then, no more deductible is taken for any enrolled family member for the rest of the year.

After the deductible is met, most In-Network benefits are paid at 90% of the allowable charge. The 10% difference is the coinsurance. This is the amount you pay.

Your In-Network benefits have a $2,000 plan year TMOOP per person. This applies when the TMOOP adds up to $2,000. Then, we pay 100% for the rest of the year. The 100% is based on the allowable charge.

You have a $4,000 plan year family TMOOP. This applies when two family members each meet their $2,000 TMOOP (totaling $4,000). Then, we pay 100% for all enrolled family members for the rest of the year. The 100% is based on the allowable charge.

**OUT-OF-NETWORK DEDUCTIBLE AND TMOOP**

Your Out-of-Network benefits have a $1,000 plan year deductible per person. Except for preventive benefits, you must pay the first $1,000 of allowable charges for services.

You also have a $2,000 plan year family deductible. This applies when two family members each meet their $1,000 deductible (totaling $2,000). Then, no more deductible is taken for any enrolled family member for the rest of the year.

After the deductible is met, most Out-of-Network benefits are paid at 70% of the Highmark Delaware allowable charge. This means the difference of 30% is your coinsurance payment.

Your Out-of-Network benefits have a $4,000 plan year TMOOP per person. This applies when the TMOOP adds up to $4,000. Then, we pay 100% for the rest of the year. The 100% is based on the Highmark Delaware allowable charge.

You have a $8,000 plan year family TMOOP. This applies when two family members each meet their $4,000 TMOOP (totaling $8,000). Then, we pay 100% for all enrolled family members for the rest of the year. The 100% is based on the Highmark Delaware allowable charge.
NOTE: An excess deductible or coinsurance may be taken. This can happen when more than two enrolled family members submit claims. Some claims for other family members may have been applied to the deductible or coinsurance before the family limits were met. If you think this has happened, call Customer Service. We'll research your case. If needed, we'll correct your claims.

TMOOP

The total maximum out-of-pocket, as mandated by the federal government, refers to the specified dollar amount of deductible, coinsurance and copayments incurred for network covered services in a benefit period. Please note that coinsurance for fertility and bariatric services does not apply towards this TMOOP.

When the specified individual dollar amount is attained by you, or the specified family dollar amount is attained by you or your covered family members, Highmark Delaware begins to pay 100% of all covered expenses and no additional coinsurance or copayments will be incurred for covered services in that benefit period. See the Schedule of Benefits for the total maximum out-of-pocket. The total maximum out-of-pocket does not include amounts in excess of the plan allowance.

HOW THE DEDUCTIBLE AND COINSURANCE WORK

Example #1:
Suppose you have In-Network medical expenses of $50.00 in allowable charges. Here's how your In-Network deductible would be reduced:

Your In-Network deductible is .................................................................$500
Less: Your medical expenses .................................................................$50
Equals: The amount you still have to pay to meet your In-Network deductible:.........$450

Example #2:
When you meet your deductible, your In-Network benefits are paid at 90% of allowable charges. This means your coinsurance is 10% (100% - 90% = 10%). Suppose you've met your deductible, and have In-Network medical expenses of $500 in allowable charges. Here's how your In-Network TMOOP is reduced:

Your In-Network TMOOP is .................................................................$2,000
Less: Your coinsurance times the medical expenses (10% X $500) .......................$50
Equals: The amount you still have to pay to meet your In-Network TMOOP: .................................................................$1,950

When you meet your In-Network TMOOP, In-Network benefits are paid at 100% of allowable charges for the rest of the plan year.

Example #3
When you use a non-participating provider, benefits are paid at the Out-of-Network benefit level. Since the doctor does not participate with the Highmark Delaware, benefits are limited at Highmark Delaware’s allowable charge. The amount above Highmark Delaware’s allowable charge is your responsibility, and the doctor can balance bill you directly.
Suppose an Out-of-Network, non-participating surgeon charges $8,000. Since he does not participate with Highmark Delaware, the claim will be subject to the $1,000 deductible, and the plan will pay 70% of the Highmark Delaware allowable charge:

Highmark Delaware Allowable Charge for this service: $2,000
Less Your Deductible: $1,000
Equals: $1,000
Less Your Coinsurance amount (30% x $1000): $300
Equals the amount that Highmark Delaware will pay: $700

Your Total Liability:
Deductible: $1,000
Coinsurance Amount: $300
Amount above Blue Cross Allowable for this service: $6,000
Equals: $7,300

COMBINING IN-NETWORK AND OUT-OF-NETWORK COINSURANCE

When adding up your deductible and coinsurance, combine the amounts from In-Network and Out-of-Network benefits.

For example:

Amount of coinsurance from In-Network services: $1,500
Amount of coinsurance from Out-of-Network services: $1,000
Total combined amount: $2,500

The total combined amount goes to your TMOOP. In this example, the In-Network limit was met. (The In-Network limit is $2,000, and the combined amount exceeds $2,000.) So, all future In-Network care through the year is paid at 100%.

The Out-of-Network limit hasn’t yet been met. (The Out-of-Network limit is $4,000.) Out-of-Network care isn’t paid at 100% until the combined amounts reach $4,000.

You may combine your In-Network and Out-of-Network deductibles in the same way.

WHAT'S NOT INCLUDED IN THE TMOOP

The TMOOP does not include:

- coinsurance you pay for artificial reproductive technologies
- coinsurance you pay for bariatric surgery
- amounts billed by non-participating providers that exceed Highmark Delaware’s allowable charge

CARRYOVER AND PRO-RATION

There is no carryover into a subsequent plan year of any copayments, deductibles, coinsurance or TMOOP from a previous plan year.

There is no pro-ration of deductibles, coinsurance or TMOOP if you are enrolled in the plan for part of the year.

HOW TO USE YOUR FIRST STATE BASIC BENEFITS

In this section, we describe how the First State Basic plan works. Please read these rules carefully. Call us if you have any questions.

TWO LEVELS OF BENEFITS

With the First State Basic plan, you can receive two levels of benefits:

- With In-Network benefits, your care is covered at the highest level.
- With Out-of-Network benefits, coverage is reduced. The amount you pay is greater.

HOW TO RECEIVE IN-NETWORK BENEFITS

To receive In-Network benefits, see a network provider when you need care. The network providers are listed in the Provider Network Directory or online at highmarkbcbsde.com. If you receive care without using a network provider, your benefits are reduced. This means, your share of payment is greater!

You must also follow Highmark Delaware's Managed Care Requirements to avoid penalties.

Some network providers are not approved by us to give all health services at the In-Network level. For example, a network hospital may not be approved as a network provider for outpatient lab tests. You should always check the Provider Network Directory before you have care.

HOW TO RECEIVE OUT-OF-NETWORK BENEFITS

With Out-of-Network benefits, you may see any provider you choose. There are higher deductibles, coinsurance and TMOOP. This means your share of payment is greater. You must also follow Highmark Delaware's Managed Care Requirements to avoid penalties.

If you choose to see an out-of-network provider, there are ways to save money. Many doctors and other providers contract with Highmark Delaware. These providers agree to accept Highmark Delaware's allowable charge as full payment. They are called "participating providers." They cannot bill you more than our allowable charge, even if their normal charge is higher. And, these providers file claims with Highmark Delaware for you. So, you don't need to complete claim forms.

Non-participating providers don't have contracts with Highmark Delaware. They may bill for amounts over our allowable charge. Be sure to ask if your provider participates with Highmark Delaware.

EXCEPTIONS TO THE FIRST STATE BASIC RULES

Here are some instances when you don't have to use a network provider. You'll still get benefits at the In-Network level. Please be careful when you read the following. It's important that you understand the exceptions. Call Customer Service at 844.459.6452, if you have questions.

EMERGENCY CARE

If you need emergency care, go to the nearest emergency provider. Benefits will be paid at the same level both In-Network and Out-of-Network, at Highmark Delaware's allowable charge. See the Emergency and Urgent Care section for more information.
OUTPATIENT LAB AND IMAGING TESTS

Usually you'll need to go to a network lab or imaging provider. However, sometimes a network provider will give you a lab or imaging test in the course of other treatment. For example:

- Lab and imaging tests done during outpatient surgery are paid at the in-network level if the surgical facility is a network provider.
- X-rays done for oral surgery are paid at the in-network level if the surgeon is a network provider. See Surgical Benefits to see when oral surgery is covered.
- Lab and imaging tests done as part of hospice or home health care are paid at the in-network level. These tests must be billed by the provider.
- Imaging done and billed by a network orthopedic doctor is paid at the in-network level.

Use of Provider for Laboratory Services

Labcorp is the designated freestanding network provider for outpatient laboratory services in Delaware. Highmark Delaware members, hospitals, and physicians must use the designated network provider of laboratory services for claims to process at the in-network level. As is the case for any service, members may be responsible for the difference between the billed amount and the amount paid by Highmark Delaware when an out-of-network provider is utilized. If a member lives and receives services outside of Highmark Delaware’s service area, the local Blue Plan’s provider network contract will apply.

Members who present multiple lab slips from providers who are in network with Highmark Delaware during the same lab visit will only be responsible for one copay. If you have lab slips from multiple providers with one or more providers who are out state, please contact a Highmark Customer Care Advocate at 1-844-459-6452 for assistance.

OUT OF AREA SERVICES

You can use other Blue Cross Blue Shield provider networks when you have care outside Highmark Delaware’s provider area. If you use an Out-of-Area network provider, your benefits will be paid In-Network. When you need out-of-area care, call 800.810.BLUE (800.810.2583) to find out which providers are in the network.

THE BLUECARD® PROGRAM

Follow these five easy steps for health coverage when you’re away from home in the United States:

1) Always carry your current Highmark Delaware ID card.
2) In an emergency, go directly to the nearest hospital.
3) To find names and addresses of nearby doctors and hospitals, visit the BlueCard Doctor and Hospital Finder or call BlueCard Access® at 800.810.BLUE (800.810.2583).
4) Call Highmark Delaware for pre-certification or prior authorization, if necessary (refer to the phone number on your Blue Plan ID card).
5) When you arrive at the participating doctor’s office or hospital, simply present your Highmark Delaware ID card.

After you receive care:

- You should not have to complete any claim forms.
You should not have to pay up front for medical services, other than the usual out-of-pocket expenses (non-covered services, deductible, copayment, coinsurance and TMOOP).

If your claim is subject to out-of-pocket expenses, Highmark Delaware will send you an EOB showing these amounts. If there are no out-of-pocket expenses, the EOB will be available at highmarkbcbsde.com.

THE BLUECARD WORLDWIDE® PROGRAM

When you are a BlueSM member, you take your healthcare benefits with you when you are abroad. Through the BlueCard Worldwide® program, you have access to medical assistance services, doctors and hospitals when traveling or living outside of the United States, Puerto Rico, and U.S. Virgin Islands.

When You Need Healthcare Outside the U.S., Puerto Rico and U.S. Virgin Islands

1) Always carry your Blue Cross and Blue Shield ID card.

2) Contact your Blue Plan before leaving as your health care benefits may be different outside the U.S., Puerto Rico and U.S. Virgin Islands.

3) In an emergency, go directly to the nearest hospital or doctor. Call the BlueCard Worldwide Service Center if hospitalized.

4) If you need to locate a doctor or hospital, or need medical assistance services, call the BlueCard Worldwide Service Center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week. An assistance coordinator, in conjunction with a medical professional, will arrange a physician appointment or hospitalization, if necessary.

5) Call the BlueCard Worldwide Service Center at 1.800.810.2583 or collect at 1.804.673.1177 when you need inpatient care. In most cases, you should not need to pay upfront for inpatient care at BlueCard Worldwide hospitals except for the out-of-pocket expenses (noncovered services, deductible, copayment and co-insurance) you normally pay. When cashless access is arranged, the hospital will submit your claim on your behalf.

6) Call your Blue Plan for precertification or prior authorization, if necessary. Refer to the phone number on the back of your ID card.

Claims Filing and Payment Information

- **For inpatient care at a BlueCard Worldwide hospital that was arranged through the BlueCard Worldwide Service Center**, you should only pay the provider the usual out-of-pocket expenses (noncovered services, deductible, copayment and coinsurance) when cashless access is arranged. The provider files the claim for you.

- **For all outpatient and professional medical care, you pay the provider and submit a claim.** You may also have to pay the hospital (and submit a claim) for inpatient care obtained from a non-BlueCard Worldwide hospital or when inpatient care was not arranged through the BlueCard Worldwide Service Center.
The Medical Assistance vendor offers the following services:

- Responds to general call from members
- Provides referral for non-medical situation (for example, will provide a list of providers)
- Provides telephone translations
- Provides medical referrals
- Performs medical monitoring of inpatient care.
MANAGED CARE REQUIREMENTS

The benefits provided under this plan are subject to Highmark Delaware’s managed care requirements. These requirements are described below, and are administered by Highmark Delaware’s Medical Management and Policy Department (MMP).

MEDICAL MANAGEMENT SERVICES

Determining Care Coverage

For benefits to be paid under your First State Basic plan, services and supplies must be considered “Medically Necessary and Appropriate.”

Highmark Delaware’s MMP, or its designated agent, is responsible for ensuring that quality care is delivered to members within the proper setting, at the appropriate cost and with the right outcome.

MMP or its designated agent will review your care to assure it is “medically necessary and appropriate.” Such care:

- is consistent with the symptom or treatment of the condition
- meets the standard of accepted professional practice
- is not primarily for anyone’s convenience
- is the most appropriate supply or level of care safely provided, and
- is not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's illness, injury or disease

A Summary of Highmark Delaware’s Care/Utilization Process

To help ensure that care is provided in the appropriate setting, MMP administers a care utilization review process comprised of prospective, concurrent and retrospective reviews. In addition, MMP conducts discharge planning. These activities are conducted via telephone or on-site by an MMP nurse working with a physician advisor who is in direct contact with the member’s physician.

Here is a brief description of these review procedures:

Prospective Review:

Prospective review, also known as precertification or pre-admission review, begins once a request for inpatient services is received. Requests can be for inpatient hospital care (for medical and mental health) and for skilled nursing facility care.

Out-of-Network Care

When you use an out-of-network facility provider, you are responsible for notifying Highmark Delaware prior to your proposed admission to obtain pre-authorization of the inpatient admission and our determination of Medical Necessity and Appropriateness. This includes admissions for medical, mental health, and substance abuse diagnoses.

Remember:

Out-of-network providers are not obligated to contact Highmark Delaware or to abide by any determination of medical necessity and appropriateness we make. It is possible, therefore, for you to receive services which are not medically necessary and appropriate for which you will be solely responsible.
After receiving the request for inpatient hospital or skilled nursing services, the MMP nurse:

- Gathers information needed to make a decision, including patient demographics, diagnosis, and plan of treatment
- Confirms care is "Medically Necessary and Appropriate"
- Authorizes care or refers to a physician advisor for a determination
- When required, assigns an appropriate length of Hospital stay

**Emergency, Maternity, and Substance Abuse Admissions**

For emergency admissions, you must call us within 48 hours of admission. If you can't call yourself, your provider, a family member or a friend may call us. Highmark Delaware will review the admission. If approved, we’ll assign an initial length of stay.

Maternity admissions don’t require Highmark Delaware’s prior authorization. However, extended hospital stays must be authorized.

In the event that a Member requires treatment for Substance Abuse requiring admission to a facility provider, the admission will not be subject to prior authorization or pre-certification. The facility provider must contact Highmark Delaware within 48 hours of the admission, and an initial treatment plan must be provided to us at the time of the notice of the admission. The prior authorization waiver for substance abuse diagnoses applies only to Highmark Delaware network and out-of-area network providers.

**Concurrent Review**

Concurrent review occurs during the course of inpatient hospitalization and is used to ensure appropriateness of admission, length of stay and level of care at an inpatient facility.

The MMP Nurse:

- Contacts the facility’s utilization reviewer;
- Checks the Member’s progress and ongoing treatment plan;
- Decides, when necessary, to either extend the Member’s care, offer an alternative level of care, or refer to the physician advisor for further determination of care.

- Benefits provided in inpatient or residential settings for the diagnosis and treatment of substance abuse are not subject to concurrent utilization review for the first 14 days of an admission, provided the facility provider notifies Highmark Delaware of both the admission and the initial treatment plan within forty-eight (48) hours of the admission.

- Benefits provided in inpatient settings for Inpatient Withdrawal Management are not subject to concurrent utilization review for the first 5 days of Inpatient Withdrawal Management, provided the facility provider notifies Highmark Delaware of both the admission and the initial treatment plan within forty-eight (48) hours of the admission.

- Benefits provided in inpatient settings for Inpatient Withdrawal Management are not subject to concurrent utilization review for the first 5 days of Inpatient Withdrawal Management, provided the facility provider notifies Highmark Delaware of both the admission and the initial treatment plan within forty-eight (48) hours of the admission.

The facility must perform daily clinical review and periodically consult with Highmark Delaware to ensure that the facility is using the evidence-based and peer reviewed clinical review tool used for...
by Highmark Delaware and designated by the American Society of Addiction Medicine (ASAM) or, if applicable, any state-specific ASAM criteria, and appropriate to the age of the patient to ensure that the inpatient treatment is medically necessary for the patient.

**Discharge Planning**

Discharge planning is a review of the case to identify the Member’s discharge needs. The process begins prior to admission and extends throughout the Member’s stay in a facility. Discharge planning ensures continuous, quality care and is coordinated with input from the Member’s physician.

To plan effectively, the MMP nurse assesses the Member’s:

- Level of function pre- and post-admission;
- Ability to perform self-care;
- Primary caregiver and support system;
- Living arrangements pre- and post-admission;
- Special equipment, medication and dietary needs;
- Obstacles to care;
- Need for referral to case management or disease management
- Availability of benefits or need for benefit adjustment.

**Retrospective Review**

Retrospective review occurs when a service or procedure has been rendered prior to MMP notification.

For admissions for the treatment of substance abuse, Highmark Delaware may deny coverage for any portion of the initial 14-day inpatient or residential treatment on the basis that the treatment was not medically necessary only if the treatment was contrary to the evidence-based and peer reviewed clinical review tool used by Highmark Delaware and designated by ASAM or any state-specific ASAM criteria.

**Case Management Services**

When a Member is injured, seriously ill or considering certain types of surgery, Case Management may begin a collaborative process that involves MMP and case managers, the member, their family or significant others, physicians and institutional providers. Using communication, education and available resources, Case Management assesses plans, implements, coordinates, monitors and evaluates all of the options and services required to meet the member’s health needs…always with the goal of enabling the member to reach optimum recovery in a timely manner.

**Preauthorization for Other Services**

In addition to inpatient care, certain other services require preauthorization by Highmark Delaware. These include, but are not limited to:

- Radiation oncology services;
- certain outpatient hospital surgical procedures, including hysterectomy and laminectomy (lower back surgery);
- bariatric surgery;
- advanced radiology (Some examples include: CAT and PET scans, MRIs, and MRAs);
- assisted reproductive technologies; and
- partial hospitalization and intensive outpatient psychiatric services
• Certain outpatient goods and services, including certain medical injection drugs (a list of these that are authorized directly by Highmark Delaware is available at highmarkbcbsde.com).

Prior authorization is not required for the diagnosis and medically necessary partial hospitalization or intensive outpatient treatment of drug and alcohol dependencies by Highmark Delaware network or out-of-area network participating providers. Drug and alcohol dependencies are defined as a substance abuse disorder or the chronic, habitual, regular, or recurrent use of alcohol, inhalants, or controlled substances as identified in Delaware law.

In addition, concurrent utilization review is prohibited for these services during the first thirty (30) days of a partial hospitalization or intensive outpatient program treatment. The referring Network provider is responsible for obtaining preauthorization for any service that requires it.

AUTHORIZATION FOR URGENT CARE SERVICES

You do not need to obtain prior authorization (for those services that require it) from Highmark Delaware, for services that your physician considers to be urgent, if these services are obtained outside of Highmark Delaware's normal business hours (8:00 AM to 4:45 PM), over the weekend or during holidays. See the definition of Urgent Care in the Emergency and Urgent Care section, below. You must contact Highmark Delaware for post-service authorization for these services within two business days following your care.

Care in an urgent care center or medical aid unit does not require prior authorization.

USE OF PARTICIPATING PROVIDERS

All providers who participate with Highmark Delaware have agreed to follow Highmark Delaware's managed care requirements. In circumstances where an authorization for a service is required, the participating provider cannot bill you unless:

- Highmark Delaware’s authorization requirements were followed,
- the service was not authorized, and
- having been informed of Highmark Delaware’s decision, you chose to have the service anyway, and agreed in writing to be responsible for payment.

Non-participating providers and providers outside the Highmark Delaware service area may not know about the requirements. It's up to you to call Highmark Delaware at 844.459.6452 if you have care that requires authorization. If the requirements aren't followed, you may be billed 100% of the charges.

GENERAL CONDITIONS

- Highmark Delaware does not pay for services that are not covered, even when the Medical Management or Behavioral Health Department authorizes, for example, an inpatient admission, except for optional benefits authorized by Highmark Delaware through individual case management.
- If you do not comply with the managed care requirements, Highmark Delaware will reduce or deny payment. However, upon appeal Highmark Delaware reserves the right to approve payment for care that was not authorized in advance but is subsequently determined to have been medically necessary.

- Any payments you must make because you or your provider fail to follow the managed care requirements are not credited toward any deductible or coinsurance requirement.

- You don't need to follow Highmark Delaware’s managed care requirements if this plan is secondary. See the section, *Coordination of Benefits*, for more information.

**APPEALS**

You may disagree with a decision either the Medical Management or Behavioral Health Department makes. If you disagree, you may file a written appeal with us. See the section, *A Guide To Filing Claims and Appeals*, for more information.
PREVENTIVE SERVICES

Check the Schedule of Benefits for benefit levels and any limits that may apply.
Follow managed care requirements to get the highest benefit!

PREVENTIVE SERVICES

Highmark Delaware promotes preventive care to help you stay well, and these services are provided at no cost to you when you use a network provider. We administer these benefits according to Highmark Delaware’s Preventive Health Guidelines materials. These materials contain details of when we pay for preventive care, and they are available online at highmarkbcbsde.com. All the terms and conditions of your benefit plan apply to the Preventive Health Guidelines materials.

In-network preventive care is provided at 100% of the allowable charge, and is not subject to the deductible.

The Highmark Preventive Schedule is a list of general care guidelines. We encourage you to take a copy of the schedule with you when you or a family member visits your medical provider.

The schedule includes tests that are performed for both routine and diagnostic reasons. If you are seeing your doctor and have not been diagnosed with a medical condition, you should expect the services to be performed for routine/preventive care. Only those procedures that are listed on the Preventive Schedule are covered during a preventive exam. If your doctor orders other tests, those tests may be subject to your deductible and/or coinsurance or they may be denied in certain instances. If you have a medical condition and the tests are being done to monitor the condition, then the services would be performed for diagnostic reasons and subject to your program’s deductible, coinsurance and copay as applicable.

Please note: Highmark Delaware has the right to change these benefits at any time. Claims for care provided for preventive services submitted with a medical or family history diagnosis are paid at the diagnostic benefit level.

SURGICAL AND MEDICAL BENEFITS

Check the Schedule of Benefits for benefit levels and any limits that may apply.
Follow managed care requirements to get the highest benefit!

SURGICAL BENEFITS

Surgical services include:

- cutting and operative procedures;
- treatment of fractures and dislocations; and

Second Surgical

Second opinions are covered for members that are having surgery and want to seek another specialist’s opinion prior to the surgery. To be eligible, the second provider would need to be outside of the provider’s practice that gave the first consult.

A benefit is also paid for charges made for a third surgical opinion. This will be done when the second opinion does not confirm the recommendation of the first physician who proposed to perform the surgery and where all three physicians providing opinions are from different practices.

A surgical opinion includes an exam, tests and a written report by the physician.

Dental Surgery

Dental surgery is only covered for:

- extracting bony impacted teeth; and

Coverage is not provided for the extraction of normal, abscessed or diseased teeth or for the removal, repair or replacement of teeth damaged due to accidental injuries or disease, even if such services are necessary to correct other injuries suffered as a result of accident or disease.

When it is medical necessary, due to a member's physical, intellectual or other medically compromised condition, for dental services to be performed under general anesthesia outside of a dentist's or oral surgeon's office, Highmark Delaware will cover the anesthesia and facility charges. Highmark Delaware must approve such care at least two business days prior to services being performed.
Multiple Surgical Procedures

When one doctor does more than one procedure on a patient in a single day:

- we provide full contract benefits for the procedure with the highest allowable charge; and
- we determine coverage for the other procedures using special rules on multiple surgical procedures.

When a procedure normally done in one stage is done in two or more stages:

- we cover the entire procedure as one stage.

ARTIFICIAL REPRODUCTIVE TECHNOLOGIES

This plan provides fertility care services and fertility preservation services for individuals diagnosed with infertility or at risk of infertility due to surgery, radiation, chemotherapy or other medical treatment.

Covered services include artificial insemination, in vitro fertilization and related technologies, and cryopreservation of cells and tissue.

Artificial Insemination (AI, IUI, ICI)
Artificial Insemination is a procedure, also known as intrauterine insemination (IUI) or intracervical/intravaginal insemination (ICI), by which sperm is directly deposited into the vagina, cervix or uterus to achieve fertilization and pregnancy.

In Vitro Fertilization (IVF, GIFT, ZIFT) IVF (or related technologies, including, but not limited to: gamete intrafallopian transfer (GIFT) and zygote intrafallopian transfer (ZIFT)) may be considered medically necessary when the following criteria are met:

- Individual has a congenital absence or anomaly of reproductive organ(s); or
- Individual fulfills one of the following definitions of infertility:
  - Individual is less than the age of 35 years and has not achieved a successful pregnancy after at least twelve (12) months of appropriately timed unprotected vaginal intercourse or intrauterine insemination; or
  - Individual is 35 years of age or older and has not achieved a successful pregnancy after at least six (6) months of appropriately timed unprotected vaginal intercourse or intrauterine insemination.

AND

- In the absence of known tubal disease and/or severe male factor problems (contraindications to insemination cycles), the individual has not achieved a successful pregnancy as described above, which includes up to three (3) intrauterine insemination cycles; and
- Individual has at least one risk factor that includes, but is not limited to the following:
  - Tubal disease that cannot be corrected surgically; or
  - Diminished ovarian reserve; or
  - Irreparable distortion of the uterine cavity or other uterine anomaly (when using a gestational carrier); or
  - Male partner with severe male factor infertility; or
  - Unexplained infertility; or
• Stage 4 endometriosis as defined by the American Society of Reproductive Medicine;

AND

• Individual does not have **either** of the following contraindications:
  • Ovarian failure: premature (i.e., ovaries stop working before age 40) or
  • menopause (i.e., absence of menstrual periods for 1 year); or
  • Contraindication to pregnancy

For IVF services, retrievals must be completed before the individual is 45 years old and transfers must be completed before the individual is 50 years old.

The benefit is limited to six (6) completed egg retrievals per lifetime, with unlimited embryo transfers in accordance with the guidelines of the American Society for Reproductive Medicine, using single embryo transfer (SET) when recommended and medically appropriate.

**Gestational Carrier/Surrogate**

Medical services or supplies rendered to a gestational carrier or surrogate may be considered medically necessary if the member has **ANY** of the following indications:

• Congenital absence of a uterus; or
• Uterine anomalies that cannot be repaired; or
• A medical condition for which pregnancy may pose a life-threatening risk.

**Benefit Limits**

There's a $30,000 lifetime payment limit for services related to assisted reproductive surgical procedures. The $30,000 limit applies even when you switch to another State of Delaware plan. If pregnancy results, your maternity benefits are then applied.

**Note:** Drugs are covered under your prescription drug benefit and are subject to a separate $15,000 limit.

**Exclusions**

The following related services to reproductive technologies/techniques are considered not medically necessary:

• reversal of voluntary sterilization (tuboplasty or vasoplasty); or
• Payment for surrogate service fees for purposes of child birth; or
• Living expenses; or
• Travel expenses.

**GENDER REASSIGNMENT SURGERY (GRS)**

Gender reassignment surgery (GRS), either as a male-to-female (MTF) transition or as a female-to-male (FTM) transition, consists of medical and surgical treatments that change primary sex characteristics for individuals with gender dysphoria or gender identity disorder who wish to make a permanent transition.
Gender Identity is defined as an individual’s gender appearance, expression or behavior regardless of the individual’s assigned sex at birth. Determinations of medical necessity, eligibility and prior authorization requirements for diagnoses related to an insured’s gender identity must be based on current medical standards established by nationally recognized transgender health medical experts.

GRS may be considered medically necessary when ALL of the following are met:

- **The individual is greater than or equal to 18 years of age; **and
- **The individual has the capacity to make a fully informed decision and to consent for treatment; **and
- **The individual has been diagnosed with the gender dysphoria, including ALL of the following:**
  - The desire to live and be accepted as a member of the opposite sex, usually accompanied by the wish to make his or her body as congruent as possible with the preferred sex through surgery and hormone treatment; **and**
  - The individual's transgender identity has been present persistently for at least two (2) years; **and**
  - The dysphoria is not a symptom of another mental disorder or a chromosomal abnormality; **and**
  - The disorder causes clinically significant distress or impairment in social, occupational, or other important areas of functioning.

- **The individual is an active participant in a recognized gender identity treatment program and demonstrates ALL of the following conditions:**
  - The individual has successfully lived and worked within the desired gender role full-time for at least 12 months (real life experience) without returning to the original gender; **and**
  - For breast surgery
    - Initiation of hormonal therapy (unless medically contraindicated or individual is unable or unwilling to take hormones); **and**
    - One referral from a qualified mental health professional with written documentation submitted to the physician performing the breast surgery; **and**
  - For genital surgery
    - Documentation of at least 12 months of continuous hormonal sex reassignment therapy, unless medically contraindicated or individual is unable or unwilling to take hormones) (may be simultaneous with real life experience); **and**
- Two referrals from qualified mental health professionals who have independently assessed the individual. If the first referral is from the individual’s psychotherapist, the second referral should be from a person who has only had an evvaluative role with the individual. Two separate letters, or one letter signed by both (e.g., if practicing within the same clinic) may be sent; and

- Separate evaluation by the physician performing the genital surgery.

When ALL of the above criteria are met, the following breast/genital surgeries may be considered medically necessary for the following indications:

**MTF:**
- Breast augmentation
- Orchiectomy
- Clitoroplasty
- Colovaginoplasty
- Labiaplasty
- Orchiectomry
- Penectomy
- Vaginoplasty

**Note:** Although not a requirement, it is recommended that MTF undergo feminizing hormone therapy (minimum 12 months) prior to breast augmentation surgery. The purpose is to maximize breast growth in order to obtain better surgical (aesthetic) results.

**FTM:**
- Breast reconstruction (e.g., mastectomy)
- Colpectomy/Vaginectomy
- Hysterectomy
- Metoidioplasty
- Penile prosthesis
- Phalloplasty
- Reduction mammoplasty
- Salpingo-oophorectomy
- Scrotoplasty
- Testicular prosthesis implantation
- Urethroplasty

**Note:** Penile prosthesis surgery is typically performed at stage two (2) or three (3) of a multi-stage phalloplasty (a minimum of nine (9) months following stage one (1)).

The following procedures that may be performed as a component of a gender reassignment are considered cosmetic and, therefore, non-covered (this is not an all-inclusive list):
- Blepharoplasty
- Blepharoptosis
- Chin augmentation
- Collagen injections
- Cricothyroid approximation
- Facial bone reduction-facial feminizing
- Hair removal – electrolysis or laser hair removal
- Hair transplantation
- Laryngoplasty
- Lip reduction/enhancement
- Liposuction
- Mastopexy
- Nipple/areola reconstruction
- Removal of redundant skin
- Rhinoplasty
- Rhytidectomy
- Trachea shave/reduction thyroid chondroplasty

**INPATIENT MEDICAL SERVICES**

Medical visits by the attending doctor are covered when you're an inpatient. This does not include when you're having surgery. Surgeon pre- and post-operative care is covered under global surgery payment.

We normally cover one doctor visit per day. Usually this is your attending doctor. If another specialist visits you, we may cover the visit, under the following conditions:

- the doctor in charge certifies in writing it's medically necessary;
- the specialist isn't the attending doctor or operating surgeon; and
- the specialist is a doctor.

See the *Mental Health and Substance Abuse Care* section for a description of related doctor visits.

**EMERGENCY CARE**

You're covered for emergency care in emergency facilities. See the *Emergency and Urgent Care* section for more information.

**OBSTETRIC CARE**

Obstetric care by doctors and midwives is covered. Coverage is the same as for other surgical and medical care. This includes:

- prenatal care;
- anesthesia;
- delivery; and
- postnatal care.

Midwives are licensed and certified nurses. They must be practicing within the scope of their license. When we cover midwife care, we do not cover a doctor's care for the same services.

One diagnostic ultrasound per pregnancy is also covered.
NEWBORN CARE

Medical care for a newborn child is covered, from the moment of birth to a maximum of thirty-one (31) days from the date of birth. To be covered as a dependent beyond the thirty-one (31) days period, the newborn child must be enrolled and appropriate premium paid.

See the section entitled "A Guide to Enrollment", Changes in Enrollment (Newborns) for more information.
EMERGENCY AND URGENT CARE

Check the Schedule of Benefits for benefit levels and any limits that may apply. Follow managed care requirements to get the highest benefit!

EMERGENCY CARE

If you have a life-threatening emergency, go directly to the nearest emergency provider. We cover the emergency facility, ancillary services and physician care when:

- the condition is serious enough to cause a prudent person to seek emergency care;
- a delay in care might cause permanent damage to your health; and
- you have care within 48 hours from the onset of the condition.

Some examples are:

- broken bones;
- heavy bleeding;
- sudden, severe chest pain;
- poisoning;
- choking;
- convulsions;
- loss of consciousness; and
- severe burns.

COVERAGE FOR EMERGENCIES:

The facility must be a hospital, or a freestanding emergency facility operating with physicians and nursing personnel on a 24 hour, 7 days per week schedule.

EMERGENCY AMBULANCE AND PARAMEDIC SERVICES

Emergency ambulance and paramedic services are covered when:

- a sudden, serious condition requires travel right away; and
- you are taken to the nearest hospital that can treat you.

When you can travel by private car, the ambulance isn't covered. Only one-way travel to the hospital is covered, except when being transported from hospital to hospital for specialized care. In such cases round trip transportation is covered.

Air ambulance is covered only when no other means of travel is appropriate.

When billed separately, these items are not paid:

- patient care equipment;
- reusable devices; and
- first aid supplies.

Benefits are not provided when paramedic services are given by state, county or local government.
URGENT CARE AND URGENT CARE FACILITIES/MEDICAL AID UNITS

WHEN YOU'RE HOME

Urgent care is for an injury or sudden illness that isn't life threatening, but you need care within a day or two to avoid:

- jeopardizing your life, health, or ability to regain maximum function; or
- in the opinion of your physician, would subject you to severe pain that cannot be adequately managed without the care.

Some examples include ear infections, migraine headaches and significant gastro-intestinal pain.

For urgent care you can either

- see your regular doctor, or
- seek care at an urgent care facility.

An urgent care facility (also known as a medical aid unit) is a medical facility staffed by physicians and other medical personnel equipped to provide treatment of minor illnesses and injuries of an urgent nature which require prompt, but not emergency treatment.

WHEN YOU'RE TRAVELING

If you're traveling out of state and need urgent care, follow these steps:

**Step 1**

Find a provider. You can call 800.810.BLUE (800.810.2583) to get connected to a 24-hour referral service. This service helps you find doctors who participate with the local Blue Cross Blue Shield plan where you're traveling. If a doctor is found, you're given the doctor's name, office address and phone number.

You can also use the highmarkbcbsde.com website to find a provider. The website can access the names, office addresses and phone numbers of network providers nationwide.

**Step 2**

Call the doctor's office for an appointment and tell them that you're a Highmark Delaware customer. To get the highest benefit, be sure the provider participates with the local Blue Cross Blue Shield plan. The doctor's office will check your enrollment. When you receive care, you will be charged the copayment listed on your I.D. card, if any. The doctor's office will then bill the local Blue Cross Blue Shield plan, and the claim will be forwarded to us.
Check the Schedule of Benefits for benefit levels and any limits that may apply. Follow managed care requirements to get the highest benefit!

INPATIENT DIAGNOSTIC AND THERAPEUTIC CARE

When you're an inpatient, professional care for diagnostic and therapeutic care is covered. See the Inpatient Hospital Care section for more information.

OUTPATIENT DIAGNOSTIC AND THERAPEUTIC CARE

Remember to use a network provider to get the highest benefits. If you use a non-network provider, even if your doctor refers you, your benefits will be reduced.

DIAGNOSTIC SERVICES

The diagnostic benefits described below apply when you're an outpatient in:

- a provider's office;
- an approved freestanding lab, imaging or machine testing provider; or
- a hospital's outpatient department.

Covered care includes:

- imaging services;
- lab tests; and
- machine tests.

Advanced radiology services, such as CAT and PET scans, MRIs and MRAs are among the imaging services covered. See the Schedule of Benefits for more information about the benefit levels for these services. See Managed Care Requirements for information about authorization requirements for these services.

PREADMISSION TESTING

We cover tests done before a scheduled admission for surgery.

Tests must be done:

- as an outpatient; and
- within 7 days before the admission.

Tests are not covered if:

- they are done for diagnosis;
- they are repeated after you enter the hospital; or
- you, not the hospital or physician, cancel or postpone the admission.

THERAPY SERVICES

The therapeutic benefits described below apply when you're an outpatient in:

  - needed to establish an effective home exercise program,
  - the maximum number of visits allowed for a specific diagnosis is determined by medical necessity;
- radiation therapy for cancer and neoplastic diseases;
- inhalation therapy by a doctor or registered inhalation therapist;
- speech therapy. Therapy must be:
  - done by a licensed or state certified speech therapist,
  - ordered by a doctor, and
  - needed to improve speech problems caused by disease, trauma, congenital defect, or recent surgery,
  - the maximum number of visits allowed for a specific diagnosis is determined by medical necessity;
- dialysis;
- cognitive therapy done by a provider approved by Highmark Delaware. The diagnoses eligible for coverage are:
  - stroke with cognitive impairment, or
  - head injury or trauma;
- cardiac therapy. Services done on an inpatient and outpatient basis are combined to determine when the limit is met. Services must begin within 4 months following certain serious conditions or procedures.

**Please note:** Your health plan benefit for physical, occupational and speech therapy services includes visit limitations. The maximum number of visits allowed for a specific diagnosis is determined by medical necessity as provided to Highmark Delaware by your treating physician. Highmark Delaware will process the therapy claims according to your benefits, until you reach the visit limitation that is determined to be medically appropriate for your diagnosis. It is important to note that if you exceed the maximum number of visits, your claim(s) will be denied. You will then be responsible for the entire cost associated with the therapy service(s) received.

SPOUSE'S BENEFITS

This is how we pay benefits for spouses enrolled under this Plan:

- We pay normal plan benefits if your spouse isn't employed.
- We pay after your spouse's plan pays if your spouse:
  - is eligible for; and
  - is enrolled in a plan sponsored by his or her employer or by an organization from which he or she is collecting a pension benefit; or
  - is eligible for; and
  - enrolled in an individual health plan through the Health Insurance Marketplace.
- We pay 20% of allowable covered charges if your spouse:
  - is eligible for; and
  - is not enrolled in a plan sponsored by his or her employer or by an organization from which he or she is collecting a pension benefit; or

- isn't eligible because he/she hasn't completed a waiting period;
- has to pay more than half of the plan's cost (including flexible credits);
- doesn't meet the underwriting requirements of the sponsored plan; or
- the employer or sponsoring organization doesn't offer active or retiree health coverage.

ENROLLMENT

HOW TO ENROLL
You may enroll yourself and your dependents when you are first eligible or at Open Enrollment by completing the enrollment process as designated by your Human Resources/Benefits Office. If you want to cover your spouse, you’ll need to complete the Spousal Coordination of Benefits Form. Access to the Spousal Coordination of Benefits form and policy is available at https://de.gov/statewidebenefits. This form must be completed and submitted online.

HOW TO DECLINE COVERAGE
You may decline coverage if you don't want to enroll when you're first eligible. You will need to complete the enrollment process indicating you are waiving coverage as designated by your Human Resources/Benefits Office.

WHEN COVERAGE BEGINS
When your coverage begins is determined by:

- when you are eligible for coverage; and
- when you enroll for coverage.

There are three categories of enrollees based on when you enroll for coverage. You can be a:

- Timely Enrollee;
- Special Enrollee; or
- Late Enrollee.

TIMELY ENROLLEES
Who Can Be A Timely Enrollee
You are a Timely Enrollee if you enroll within 30 days of when you are first eligible to be covered.

When Coverage Begins
Coverage for new employees (and their dependents) begins:

- on the date of hire; or
- on the first of the month of any month following date of hire up to the first of the month when eligible for State/Employer Share when an employee moves to a class that is eligible for health coverage.

SPECIAL ENROLLEES
Who Can Be A Special Enrollee
Please also refer to the section Changes in Enrollment, below, for qualifying events that trigger Special Enrollment status.

You are a Special Enrollee if you enroll within the 30-day enrollment period. The enrollment period is measured from the date of the qualifying event, such as:

- losing other health coverage under certain conditions; or
- obtaining a new dependent because of marriage, civil union, birth, adoption or placement in the home for adoption, or court ordered support.
Employees or dependents may qualify as Special Enrollees if the following requirements are met:

- Employees: if you're not already enrolled in this Plan, you must:
  - be eligible to enroll in this Plan; and
  - enroll at the same time you enroll a dependent.

- Spouses and Children: you're a dependent of an employee:
  - who is already enrolled or is eligible to enroll in this Plan; and
  - who enrolls at the same time you enroll.

If you don't request enrollment within the enrollment period, you are a Late Enrollee.

**Loss Of Other Coverage**

To qualify as a Special Enrollee because of loss of coverage, you (the employee or dependent) must meet all these conditions:

- you were covered under another group or individual health plan when coverage was previously offered under this Plan (when first eligible or during Open Enrollment); and
- when this Plan was previously offered, you declined coverage under this Plan because you had other coverage; and
- the other coverage was either:
  - COBRA continuation coverage that is exhausted; or
  - other (non-COBRA) coverage that was lost because
    - you are no longer eligible; or
    - the lifetime limits under the other coverage were reached, or
    - the employer stopped contributing; and
- you enrolled within 30 days of the date the other coverage was lost; and

**Special Enrollment Rights for Loss of Medicaid or Children’s Health Insurance Program (CHIP) Enrollment**

Effective April 1, 2009, you may enroll within 60 days of the date your Medicaid or CHIP coverage was terminated because you were no longer eligible.

**New Dependents**

You (employee or dependent) are a Special Enrollee if the employee gets a new dependent because of:

- marriage or civil union;
- birth;
- adoption;
- placement of a child in the home for adoption; or
- court-ordered support.

**When Coverage Begins**

Coverage for Special Enrollees begins as follows. If the Human Resources/Benefits Office was notified of a loss of coverage or new dependent within 30 days and your application and premium is subsequently submitted, coverage begins for:

- Employees: the first day of the month after the loss of coverage.
- Spouses: either the date of marriage or civil union or the first day of the month after the marriage or civil union.
Children: either:
- the date of birth, adoption or placement in the home for adoption; or
- the first day of the month after you request enrollment if:
  - you lost coverage under a prior plan; or
  - your parent got married or entered into a civil union.

Remember, if you request enrollment after the enrollment period, you (and your dependents) will be Late Enrollees!

LATE ENROLLEES

Who Can Be A Late Enrollee
If you did not enroll as a Timely or Special Enrollee, you are a Late Enrollee. Late Enrollees can enroll at an Open Enrollment period.

Children are Late Enrollees if enrollment was not requested within 30 days of:
- birth;
- adoption;
- placement in the home for adoption; or
- marriage or civil union.

When Coverage Begins
Coverage for Late Enrollees begins the first day of the new plan year.

CHANGES IN ENROLLMENT (ALSO SEE WHEN COVERAGE ENDS)

You can change your enrollment because of one of the reasons described below. If added premium is due, you must pay when you enroll.

You must enroll yourself (and any dependents) within a 30-day period from the dates of the events listed below to be Special Enrollees. You and/or your dependent(s) will be Late Enrollees if you are not enrolled within the 30-day period. Newborns must be enrolled within a 30-day period. A newborn child is covered from the moment of birth to a maximum of thirty-one (31) days from the date of birth. To be covered as a dependent beyond the thirty-one (31) day period, the newborn child must be enrolled. See your Human Resources/Benefits Office.

MARRIAGE OR CIVIL UNION

You may add your spouse when you get married or enter into a civil union. You must request enrollment within 30 days after the marriage or civil union; a copy of your marriage or civil union certificate is required by your Human Resources/Benefits Office. If added premium is due, you must pay when you request enrollment.

Don’t forget, when you cover your spouse you'll also need to complete the Spousal Coordination of Benefits Form. The form is available at https://de.gov/statewidebenefits. This form must be completed and submitted on-line each year or any time a spouse’s job or health coverage changes.

You may also add any stepchildren you acquire when you marry or enter into a civil union. See section describing coverage for Other Children, below.
DIVORCE
Former spouses aren't eligible for coverage under this program. See the section, When Coverage Ends, below for information about disenrolling a former spouse.

NEWBORNS
You may add your newborn child. Coverage for a child born to regular officer, employee, eligible pensioner or spouse will begin from the moment of birth to a maximum of thirty-one (31) day from the date of birth. To be covered as a dependent beyond the thirty-one (31) days period, you must:
- request enrollment of the newborn child within 31-days of the date of birth; and
- complete the necessary paperwork and provide a valid copy of the child’s birth certificate to the Human Resource/Benefits Office within 31-days of the enrollment request; and
- if applicable, you must change your coverage to a type that includes children, and pay any additional premium.

Where an employee has existing coverage that includes children, you must enroll the newborn child in order for the newborn child to be covered as a dependent and for claims to be paid beyond the thirty-one (31) day period.

ADOPTED CHILDREN
You may add a child because of adoption or placement in the home of a regular officer, employee, eligible pensioner, or his or her spouse for adoption. A birth certificate or legal documentation needs to be supplied to your Human Resources/Benefits Office. You must request enrollment within 30 days of the date the child became eligible.

OTHER CHILDREN
You may add a child other than a newborn or adopted child, such as a step-child. For each child, you are required to show proof of dependency, such as a birth certificate, court order, or federal tax return. The applicable documents must be provided to your Human Resources/Benefits Office upon enrollment. You must request enrollment within 30 days of the date the child became eligible.

You must also submit a Statement of Support form to verify you provide at least 50 percent support for the child upon enrollment and any time there are changes to the support you provide. The Statement of Support form is available at https://de.gov/statewidebenefits. Please print the form, complete it, and provide to your Human Resources/Benefits Office.

You must also submit a Full-Time Student Certification form for each child between the ages of 19 and under age 24, when the child is initially eligible as a full-time student, each time the child’s student status changes, and for each school semester. The Full-Time Student Certification form is available at https://de.gov/statewidebenefits. Please print the form, complete it, and provide to your Human Resources/Benefits Office.

WHEN CONTINUATION OF COVERAGE UNDER COBRA ENDS
You may have declined coverage under this Plan when you were first eligible because you chose to keep COBRA coverage with another plan. If you enroll in this Plan before your COBRA continuation coverage is exhausted, you will be a Late Enrollee.

When your COBRA continuation coverage is exhausted, you may enroll in this Plan.
MEDICARE ELIGIBILITY AND ENROLLMENT

You are eligible to enroll in Medicare Parts A and B when you turn age 65, or earlier if you become disabled. Your spouse is similarly eligible. In accordance with 29 Delaware Code § 5203(b) and the State of Delaware’s Group Health Insurance Program’s Eligibility and Enrollment Rule 4.08, you and your spouse must enroll in Medicare upon eligibility. Failure to enroll and maintain enrollment in Medicare Parts A and B when eligible may result in you, as the subscriber, being held responsible for the cost of the claims incurred, including prescription costs, for you and your spouse. The following information is for you and your spouse.

Medicare Part A helps cover inpatient care in hospitals and is provided at no charge to you. Medicare Part B helps cover doctors’ and other health care providers’ services, outpatient care, durable medical equipment, and home health care, and is provided at a monthly cost to you as determined by the Social Security Administration.

Active Employees and Spouses

If you are a benefit eligible active employee, or the spouse of a benefit eligible active employee, about three months before turning age 65:

- Contact your local Social Security Administration Office and apply for Medicare Part A;
- Advise your Human Resources/Benefits Office that you have applied;
- When you receive your Medicare Part A identification card, provide your Human Resources/Benefits Office with a copy.

Active employees and their spouses who are age 65 or older have a right to decide which medical plan will be their primary insurer: either the employer health plan or Medicare. If you or your spouse selects Medicare as primary, the State cannot offer or subsidize a health plan to supplement Medicare’s benefits. If you choose, Highmark Delaware may remain your primary plan while you are an active employee.

*Important note: When you retire you will be required to have Medicare Part B in addition to Part A. Therefore, you should apply for Medicare Part B about three months before retirement.*

Retiring or Retired Employees and Spouses

You must apply for Medicare Part B about three months before you retire for it to be effective upon retirement.

If you are a State of Delaware pensioner, or the spouse of a State of Delaware pensioner, about three months before turning age 65:

- Contact your local Social Security Administration Office and apply for Medicare Parts A and B;
- Advise the State’s Office of Pensions that you have applied;
- When you receive your Medicare Parts A and B identification card, provide the State’s Office of Pensions with a copy. The Office of Pensions will enroll you in a Medicare Supplement plan, *Special Medicfill*, to help cover costs not covered by Medicare Parts A and B.

If you are a State of Delaware pensioner, or the spouse of a State of Delaware pensioner, and are disabled or become disabled, even though you are not age 65:
- Contact your local Social Security Administration Office and apply for Medicare Parts A and B;
- Advise the State’s Office of Pensions that you have applied;
- When you receive your Medicare Parts A and B identification card, provide the State’s Office of Pensions with a copy. The Office of Pensions will enroll you in a Medicare Supplement plan, *Special Medicfill*, to help cover costs not covered by Medicare Parts A and B.

If you are denied enrollment in Medicare Parts A and/or B, you are required to appeal, and provide both a copy of the denial and your appeal to the State’s Office of Pensions. Failure to enroll and maintain enrollment in Medicare Parts A and B when eligible may result in you, as the subscriber, being held financially responsible for the cost of the claims incurred, including prescription costs, for you and your spouse. Should Medicare deny your appeal, and you provide a copy of the denial to the State’s Office of Pensions, then you will continue to be covered under your Highmark Delaware plan with the State’s Group Health Insurance Program.

**Other Considerations – Disability, ESRD and ALS**

The classification of being “disabled” by the State of Delaware as it relates to your ability to perform your job for the State of Delaware (or another employer for a spouse) may differ from the classification of being “disabled” by the Social Security Administration. It is always your responsibility to provide the State’s Office of Pensions with your current classification by the Social Security Administration.

There are special Medicare rules regarding some health conditions, such as End Stage Renal Disease (ESRD) and Amyotrophic Lateral Sclerosis (ALS, also known as Lou Gehrig’s Disease). Generally, you may apply to have the standard 24-month Medicare eligibility waiting period waived if you have been diagnosed with either of these conditions. Upon receiving a diagnosis of either of these conditions, whether you are an active employee, pensioner or spouse, you should contact your local Social Security Administration Office or visit ssa.gov for more information.

**WHEN COVERAGE ENDS**

Please read the section, *Continuing your Coverage under COBRA*, to see how you may extend your coverage.

Except in cases of divorce or a change in a child's status (see sections below regarding each), coverage ends the last day of the month in which you lose eligibility because of one of the events below.

**DIVORCE**

Former spouses are not eligible for coverage under this program; coverage of a former spouse terminates on the day following the date of the divorce. You must notify your Human Resources/Benefits Office or Office of Pensions, if you are a pensioner, of the divorce and provide them with a copy of your divorce decree. An enrollment form/application must be completed within 30 days of the divorce. You should state "divorce" as the reason for the change.

Coverage ends on the day after the date the divorce is granted. Failure to provide notice of your divorce to your Human Resources/Benefits Office or Office of Pensions, if you are a pensioner, will result in your being held financially responsible for the cost of premium, health care and prescription services provided to your former spouse and his or her children.
**LEAVE YOUR JOB**
Coverage terminates at the end of the month in which you leave your job.

**DEATH**
Your coverage ends on the day of your death. Coverage ends for your dependents at the end of the month in which you die, except for dependents of pensioners. Coverage for dependents of pensioners ends either:
- the last day of the month of your death; or
- if contributions have already been made, the last day of the following month; or
- when the dependent no longer meets eligibility conditions.

Dependents of pensioner, upon the pensioner’s death, should contact the State’s Office of Pensions to discuss options of continued coverage.

**CHANGE IN YOUR JOB STATUS**
Coverage ends when you're no longer eligible through your job. This might happen if you begin to work fewer hours, etc. Please refer to the section, You Are Eligible To Be Covered If, above.

**CHANGE IN CHILD'S STATUS**
Unless covered as a disabled child, your child's coverage ends at the end of the month in which he or she reaches:
- age 26, if your natural or adoptive child;
- age 19, if eligible under the terms described in Coverage for Other Children;
- age 24, if similarly eligible and a student.

**THE PLAN IS CANCELED**
Coverage ends the day the State of Delaware's contract with Highmark Delaware ends.

**BENEFITS AFTER YOUR COVERAGE ENDS**
All benefits end when your coverage ends, except:
- if the State of Delaware cancels its contract with Highmark Delaware; and
- if you are an inpatient on the date the contract ends.

You're covered for the care you receive as an inpatient. The Plan covers you through the earlier of:
- 10 days after the contract ends; or
- until you are discharged

**CONTINUING YOUR COVERAGE UNDER COBRA**
The Consolidated Omnibus Budget Reconciliation Act (COBRA) gives you the right to continue your coverage after you lose coverage under this Plan, provided you meet COBRA's definition of a qualified beneficiary. If you decide to continue your coverage, you will have to pay up to 102% of the cost of coverage.

The following is a brief explanation of the law:
EMPLOYEE
You (and your dependents) can continue coverage for up to 18 months if you lose group coverage because:

- your hours at work are reduced; or
- your job ends (for reasons other than gross misconduct).

You, the employee, can continue coverage beyond 18 months if you:

- are disabled when you become eligible for COBRA coverage; or
- become disabled within the first 60 days of COBRA coverage; and
- are considered disabled by the Social Security Administration.

You are then entitled to an additional 11 months (totaling 29 months). Your cost would be 150% of the Plan cost for months 19 through 29.

SPOUSE OF EMPLOYEE
Your spouse can continue coverage for up to 36 months if coverage ends because:

- you die;
- you divorce your spouse; or
- you become eligible for Medicare.

DEPENDENT CHILD OF EMPLOYEE
A child can continue coverage for up to 36 months if coverage ends because:

- you die;
- you divorce your spouse;
- you become eligible for Medicare; or
- the child is no longer considered a dependent under this Plan.

NOTIFYING YOUR EMPLOYER
You need to notify your Human Resources/Benefits Office, or Office of Pensions if you are a pensioner, within 30 days of a:

- divorce; or
- child losing dependent status; or
- disability determination by the Social Security Administration.

Notify your Human Resources/Benefits Office, or Office of Pensions if you are a pensioner, within 30 days if the Social Security Administration determines you are no longer disabled.

Your Human Resources/Benefits Office, or Office of Pensions if you are a pensioner, will have information about COBRA and how much it costs mailed to you. You can choose to continue coverage under COBRA. If you do, then you have the right to the same coverage as the active employees. If you don't, your coverage under this Plan ends.

You should contact State of Delaware's COBRA Administrator if you have any questions. The phone number is: 800.877.7994.

WHEN YOUR COVERAGE UNDER COBRA ENDS
You can lose the coverage you continued under COBRA if:

- your employer no longer has any group health coverage;
you don't pay the premium on time;
you become eligible for Medicare; or
you get coverage under another group plan.

DIRECT BILLED PLANS

If your coverage under a group plan with Highmark Delaware ends, you may apply to Highmark Delaware for a direct billed Conversion Plan. You may also apply for a Conversion Plan when COBRA continuation coverage is exhausted.

With a Conversion Plan, Highmark Delaware bills you directly for your coverage.

The Conversion plan may have different benefits from your group plan. It may cover fewer items and pay a lower amount. Conversion plans cover children through the end of the month in which they reach age 26. Children over age 26 can apply for a direct billed plan of their own.

The following information applies to conversion plans:

- You must apply within 30 days after the group plan ends.
- You cannot be eligible for any other group plan. This applies if you're eligible through your or your spouse's (or same-sex domestic partner’s), employer or any organization. It applies even if:
  - the other plan has a preexisting condition limit, or
  - the other plan denied your application.
- You cannot be eligible for Medicare.
- There is no medical underwriting.

For more information about Conversion Plans or other direct billed plans, call Highmark Delaware's Customer Service department at the number listed in the front of your booklet. If you do not reside in Delaware, you may contact your local Blue Cross Blue Shield plan for more information.
Always be sure to show your Highmark Delaware ID card when you receive care!

HOW TO FILE CLAIMS

In most cases, claims are filed for you by your provider. This is usually true when you use a participating provider.

WHEN YOU USE A NETWORK PROVIDER

Highmark Delaware's network providers file claims with Highmark Delaware for you. They also accept our allowable charge as full payment for covered services. You still pay your share (any copayment, deductible or coinsurance). Highmark Delaware pays network providers for your care.

WHEN YOU USE A NON-NETWORK PROVIDER

Non-Network providers fall into two categories: those who have contracts to participate with Highmark Delaware, and those who do not.

Many doctors and other providers contract with Highmark Delaware. They are called "participating providers". These providers agree to accept our allowable charge as full payment. They cannot bill you more than our allowable charge for covered services, even if their normal charge is higher. And, these providers file claims with Highmark Delaware for you. So you don't need to complete claim forms.

Some providers don't have a contract with us. They may ask you to pay the full cost for your care, and they may bill you for amounts over our allowable charge.

If you receive care from a non-participating provider you may need to submit a claim for your care. If we cover the service, we'll pay the allowable charge to you, less any copayment, deductible or coinsurance. This is the same payment we make to participating providers. You must pay any balance over our payment.

WHEN YOU'RE OUT OF AREA

When you receive care in another state, show your Highmark Delaware ID card. Providers participating with the local plan may file your claim with the local plan.

Under the BlueCard® Program:
- you pay any copayment or coinsurance;
- the local plan accepts the provider's claim; and
- payment is made to the provider.

IF YOU NEED TO FILE A CLAIM

To obtain a form, call Customer Service. You may also get the form from the Highmark Delaware website, highmarkbcbsde.com.

Please follow the instructions on the form. Attach an itemized receipt from the provider. Send your claim to this address:

Highmark Delaware coordinates payments with any other plan that covers you, your spouse or your dependents. We assure the combined payments don't exceed 100% of the Allowable Expense. This process is described below.

Please note: In order to keep our records current we may periodically reach out to you via mail to determine primacy of benefits for your covered dependents.

**SPOUSAL BENEFITS**

We will pay 20% for your spouse if:

- your spouse’s employer has a benefit plan; and
- your spouse is eligible; and
- your spouse didn't join the plan.

See the section, *A Guide to Enrollment Information*, for special rules about enrolling your spouse.

**TERMS**

These terms are used to explain the rules for Coordination of Benefits (COB):

- *Allowable Expense* is a necessary, reasonable and usual health care expense. The expense must be covered at least in part by a plan that covers you.

- *COB Provision* sets the order in which plans pay when you're covered by two or more plans. Note: A member may not be covered more than once under the State of Delaware's Group Health Insurance Program.

- *Other Plan* is any arrangement you have that covers your health care.

- *Primary Plan* is the plan applied before any other plan. Benefits under this plan are set without considering the other plan's benefits.

- *Secondary Plan* is the plan applied after the other plan. Benefits under this plan may be cut because of the other plan's benefits.

**ORDER OF BENEFITS DETERMINATION**

The primary and secondary plan payments are set by these rules:

- A plan with no COB rules is primary over a plan with such rules.

- A plan which covers you as an employee is primary over a plan which covers you as a dependent.

- A plan which covers you as an active employee is primary over a plan which covers you as a non-active employee. Non-active means a laid off or retired employee. This rule also applies if you're the employee's dependent.

- For a child covered by plans under both parents, these rules apply:
  - The plan of the parent whose birthday comes first in the year is primary.
  - If both parents have the same birthday, the plan that covered one parent longer is primary.
  - The other plan's COB rules may set the payment order by the parent's gender. In this case, the male parent's plan is primary.
If the parents are divorced or separated, this order applies:
- First, the plan of the parent with custody;
- Then, the plan of the spouse of the parent with custody; and
- Last, the plan of the parent not having custody.

This order can change by court decree. A court decree may make one parent responsible for the child's health care costs. If so, that parent's plan is primary.

- If these rules don't decide the primary plan, then the plan covering you longest is primary.
- There may be two or more secondary plans. If so, these rules repeat until this plan's obligation for benefits is set.

**EFFECT ON BENEFITS**
- When this plan is primary, we pay without regard to any secondary plan.
- When this plan is secondary, we account for payments made by other plans. We'll coordinate with the other plans. We'll make sure payments by all plans don't exceed the Allowable Expenses. Our payment will never be more than if we were primary.
- If the other plan is primary and reduces or does not cover benefits because there is coverage under this plan, then we'll calculate the benefit as if:
  - the State's plan is secondary, and
  - the other plan had paid the normal payment.

COB AND MANAGED CARE REQUIREMENTS

The rules below will apply to you, your spouse and your dependent children. Please also refer to the section Managed Care Requirements.

COB When This Plan is Primary

The State's managed care requirements must be followed. If they are not followed, benefits are coordinated by applying the penalties of this plan.

COB When This Plan is Secondary

Highmark Delaware will never pay more than what we would pay if this plan were primary.

You don't have to follow the State's managed care requirements when this plan is secondary. However, you should follow the primary plan's managed care requirements.

- If you do, both plans will pay up to the maximum.
- If you don't, we'll apply the other plan's penalties when calculating your benefit payment.

We will coordinate benefits if the primary plan:

- Has a Preferred Provider Network;
- Is a Point of Service Plan.

You will have to follow the primary plan's In-Network or Out-of-Network managed care requirements to get the maximum payment.

Exceptions are:

- This plan may cover care that the other plan doesn't cover. If this happens, we'll pay benefits as if this plan were primary. You must follow the State's managed care rules to receive maximum payment.
- The other plan may have a day or dollar maximum on a particular benefit. This plan will pay benefits if:
  - you've met the maximum for that benefit, and
  - this plan covers the particular benefit.

The State's plan will pay until you are again eligible for that benefit under the other plan.

To file a secondary claim, you'll need to send Highmark Delaware a completed claim form (see A Guide to Claims) and a copy of your Explanation of Benefits (EOB) from the other carrier. That way we'll be able to see what the primary plan paid and what the managed care penalties were, if any.

HOW COB WORKS WITH PROVIDER NETWORKS

If you are covered under both a State plan and another plan, we will coordinate benefits.

When This Plan is Primary

If this plan is primary, the State's network and managed care requirements will apply.
When This Plan is Secondary

If the primary (other) plan has managed care requirements or a provider network, you must follow those requirements and utilize the network to get maximum payment for both the primary and secondary (State) programs. If you followed the other plan's managed care requirements, you don't have to follow the State's managed care requirements.

We will apply the other plan's out-of-network payment reductions when applicable.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

We have the right to decide when to apply COB rules. To do this, we may obtain information as needed. We may also release information to any organization or person as needed.

You must give us the information we need to apply COB rules. This includes information about you and your dependents. If you do not cooperate, we may deny payment.

FACILITY OF PAYMENT

If we're primary, but the other plan paid a claim, we have the right to pay the other plan. Our payment will be the amount we decide is our share under COB rules. Such a payment will meet our obligation under this plan.

RIGHT OF RECOVERY

If we paid more than our share under COB rules, we'll recover the excess from:

- you or any person to or for whom such payments were made;
- any insurance plan;
- other organizations.

Please refer to the section, Subrogation and Right of Reimbursement, in General Conditions, below.
HIGHMARK DELAWARE QUALITY INITIATIVES

Highmark Delaware is committed to offer you quality benefits and services. We have established a clearly defined process to evaluate whether new health care technology and treatments are medically appropriate and supported by sound research.

OUR EVALUATION PROCESS

Our Medical Technology Assessment Committee meets quarterly to evaluate newly proposed technology and treatment benefits. The Committee is made up of

- physicians;
- nurses;
- health care specialty providers; and
- senior-level quality administrators.

The Committee consults comprehensive, nationally recognized research sources. These sources may include reports from the National Institute of Health, the Journal of the American Medical Association, the New England Journal of Medicine and others as needed.

The Committee uses the following evaluation criteria:

- The technology or treatment must have final approval from the appropriate regulatory body (such as the U.S. Food and Drug Administration).
- The scientific evidence must be conclusive.
- The technology or treatment must improve overall health outcomes. The health improvement must be available outside the investigational setting.
- The technology or treatment must be as good as other established treatment alternatives.
- The technology or treatment must be within the scope of local clinical practice and standards.

Through this process we help make sure that you receive quality health care benefits and services.

CURIOUS ABOUT QUALITY?

Highmark Delaware is proud to share with our members how we work to continuously improve upon the services we offer. We invite you to request copies of Highmark Delaware’s quality improvement standards and initiatives by sending a written request to:

RELEASE AND PROTECTION OF MEMBER INFORMATION

All personally identifiable information about individual Members ("Protected Health Information") is subject to various statutory privacy standards, including state insurance regulations implementing Title V of the Gramm-Leach-Bliley Act and the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), and regulations adopted thereunder by the Department of Health and Human Services (45 CFR Parts 160, 162, 164). In accordance with those standards, Highmark Delaware may use and disclose Protected Health Information to facilitate payment, treatment and health care operations as described in our Notice of Privacy Practices (NPP). Copies of our current NPP are available in this booklet, at highmarkbcbsde.com, or from Highmark Delaware's Privacy Office.

At its sole discretion, Highmark Delaware may make available, either directly or through a designated vendor, member identity theft protection services. Any decision to accept or not accept such services will not affect a member’s continued eligibility, benefits, premiums or cost-sharing as described in this booklet. Highmark Delaware shall not be liable for, and the Member shall hold Highmark Delaware harmless from, any matters arising from or relating to such services.

DUAL ENROLLMENT

You may have two or more benefit plans with us. If so, we'll coordinate benefits. However, you may not be enrolled more than once through the State of Delaware.

TIME LIMITS

You must file a claim within 2 years after you receive care. We won't pay a claim filed past the 2 year limit.

DENIAL OF LIABILITY

We're not responsible for the quality of care you receive from a provider. Your coverage doesn't give you any claim, right or cause of action against us based on care by a provider.

NON-ASSIGNABILITY

Any right you have to care is personal and cannot be assigned. Any right you have to payments is personal. Your payment rights cannot be assigned without our written approval.

FINANCIAL RISK DISCLAIMER

Highmark Delaware provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims.

SUBROGATION AND RIGHT OF REIMBURSEMENT

When we pay a claim, we are subrogated to all rights of reimbursement you have against any third party. A third party includes, but is not limited to, another person, legal entity (such as a corporation or self-insured plan), or insurer (providing you uninsured or underinsured automobile coverage, other automobile coverage, workers compensation, malpractice, or other liability coverage). We will have the sole right to interpret all rights and duties created by this section.
Some examples of Highmark Delaware’s rights include:

- **Constructive trust.** Accepting benefits from Highmark Delaware makes you and your agents a constructive trustee of any funds recovered from any third party. This constructive trust will continue until Highmark Delaware receives payment. Failure to pay funds to Highmark Delaware will be considered a breach of your duty to the health care plan. No settlement can be made without Highmark Delaware’s written permission.

- **Subrogation lien.** Accepting benefits from Highmark Delaware will result in an automatic lien by Highmark Delaware against any recovery from any third party. This means Highmark Delaware has the right to first dollar recovery of those funds, whether or not those funds make you whole. First dollar means that Highmark Delaware has first priority to recover from any and all payments made by the third party. Recovery means any judgment, settlement or other obligation to pay money. Highmark Delaware is entitled to recovery from any party possessing the funds.

- **Recovery from a third party.** Highmark Delaware is entitled to be paid from any recovery, no matter how the recovery is categorized. Some examples include recovery for lost wages only or pain and suffering only. You will be responsible for any attorney’s fee and costs of litigation.

Some examples of your responsibilities include:

- **Notifying Highmark Delaware.** If you are involved in an accident or incident that results in both Highmark Delaware paying a claim and you having a claim against any third party, you must notify Highmark Delaware in writing within 30 days.

- **Cooperating with Highmark Delaware.** You are required to cooperate with Highmark Delaware and assist in the recovery from the third party.

**LEGAL ACTION**

There's a 2 year time limit past which you cannot bring legal action against us for not paying a claim. The period begins on the date of service.

**POLICIES AND PROCEDURES**

To make sure this plan functions as it should, we may adopt any reasonable:

- policies;
- procedures;
- rules; and
- interpretations.

You agree to abide by these rules. If you don't, we may cancel your coverage.

**MISREPRESENTATION, FRAUD OR OTHER INTENTIONAL ACT**

We may cancel your coverage if we learn:

- Statements you made when you applied or afterward were untrue or not complete.
- You received or tried to receive benefits under this plan through misrepresentation, fraud or other intentional misconduct.
- You helped someone else in either of the acts noted above.

**OUT-OF-AREA SERVICES**

Highmark Delaware has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as “Inter-Plan Programs.” Whenever you obtain healthcare
services outside of our service area, the claims for these services may be processed through one of these Inter-Plan Programs, which include the BlueCard Program and may include negotiated National Account arrangements available between us and other Blue Cross and Blue Shield Licensees.

Typically, when accessing care outside our service area, you will obtain care from healthcare providers that have a contractual agreement (i.e., are “participating providers”) with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (“Host Blue”). In some instances, you may obtain care from non-participating healthcare providers. Highmark Delaware’s payment practices in both instances are described below.

**BLUECARD PROGRAM**

Under the BlueCard Program, when you access covered healthcare services within the geographic area served by a Host Blue, Highmark Delaware will remain responsible for fulfilling our contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating healthcare providers.

Whenever you access covered healthcare services outside our service area and the claim is processed through the BlueCard Program, the amount you pay for covered healthcare services is calculated based on the lower of:

- The billed covered charges for your covered services; or
- The negotiated price that the Host Blue makes available to us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted above. However, such adjustments will not affect the price we use for your claim because they will not be applied retroactively to claims already paid.

Laws in a small number of states may require the Host Blue to add a surcharge to your calculation. If any state laws mandate other liability calculation methods, including a surcharge, we would then calculate your liability for any covered healthcare services according to applicable law.

**NON-PARTICIPATING HEALTHCARE PROVIDERS OUTSIDE HIGHMARK DELAWARE’S SERVICE AREA**

**Your (Member) Liability Calculation**

When Out-of-Area Covered Healthcare Services are received from non-participating healthcare providers, the amount you pay for such services will generally be based on either the Host Blue’s non-participating healthcare provider local payment or the pricing arrangements required by applicable state law. In these situations, you may be liable for the difference between the amount that the non-participating healthcare provider bills and the payment we will make for the covered services as set forth in the State of Delaware contract.

All participating providers have agreed to a set of standards relating to their use and disclosure of the information available through the HIE. Your health information shall be available to all participating providers through the HIE.

You cannot choose to have only certain providers access your information. Patients who do not want their health information to be accessible through the HIE may choose not to participate or may “opt-out.” In order to opt-out, you must complete an opt-out Form, which is available at highmarkbcbsde.com or by calling the customer service number located on the back of your membership card. B. Disclosures to You

We are required to disclose to you most of your protected health information that is in a “designated record set” (defined below) when you request access to this information. We also are required to provide, upon your request, an accounting of many disclosures of your protected health information that are for reasons other than payment and health care operations.

IV. Other Uses and Disclosures of Your Protected Health Information

An Authorization for use of psychotherapy notes is required unless:
   a. Used by the person who created the psychotherapy note for treatment purposes, or
   b. Used or disclosed for the following purposes:

Other uses and disclosures of your protected health information that are not described above will be made only with your written authorization. If you provide us with such an authorization, you may revoke the authorization in writing, and this revocation will be effective for future uses and disclosures of protected health information. However, the revocation will not be effective for information that we already have used or disclosed, relying on the authorization.

V. Your Individual Rights
The following is a description of your rights with respect to your protected health information:

A. Right to Access
You have the right to look at or get copies of your protected health information in a designated record set. Generally, a “designated record set” contains medical and billing records, as well as other records that are used to make decisions about your health care benefits. However, you may not inspect or copy psychotherapy notes or certain other information that may be contained in a designated record set.

You may request that we provide copies in a format other than photocopies.
