

Medical Aid Unit (MAU) schedules and locations are subject to change without notice. For a current listing of MAUs in your area, please visit highmarkbcbsde.com or call Customer Service at 1-844-459-6452.

Did You Know?

MAUs provide urgent care and may be a less expensive alternative to a hospital Emergency Department (ED). MAUs treat common ailments and injuries, including:

- Minor lacerations requiring stitches
- Joint sprains
- Cuts and minor burns
- Most broken bones
- Headaches
- Pediatric medical problems (e.g., eye and ear infections)
- Muscle, joint, and back pain
- Mild asthma attacks
- Fevers and flu
- Allergies
- Routine infections (e.g., ear, throat, sinus, and bladder infections)
- Coughs and colds
- Sexually transmitted infections
- Emergency contraceptive care
- Skin irritation or skin infection

Common Questions

What are Medical Aid Units?

MAUs are urgent care facilities that treat injuries or illnesses that are not life-threatening but require care within a few hours or the same day. With an MAU, you do not need an appointment and you may avoid the longer waits you might find at a busy ED.

How do Medical Aid Units work?

MAUs are staffed by medical professionals, which may include physicians, nurse practitioners, and physicians' assistants. Many offer on-site diagnostic equipment, including X-ray and laboratory services, and are generally open at times when your doctor's office may be closed.

When should I go to an ED?

MAU services are covered by your health benefits plan. The cost to you (your copay) is lower if you seek care from an MAU or urgent care center instead of an ED. Additionally, to see the most up-to-date list of MAUs and their locations, visit highmarkbcbsde.com, click on **Find a Doctor or Rx**, and choose **Find a Doctor, Hospital, or other Medical Provider**, and then choose **Urgent Care Centers & Retail Clinic** from the Doctors & Medical Professionals drop-down menu.

While MAUs are appropriate for common conditions and injuries, life-threatening symptoms such as chest pains, symptoms of stroke, severe headaches, excessive bleeding, or vomiting are best handled by an ED.

Please be sure to use your best judgment in any medical situation. If you believe that you have a life-threatening emergency and do not have time to speak with your doctor, then proceed to the nearest ED for care.

While not a trauma center, a freestanding ED is open 24/7 and is generally able to treat most emergencies. It is important to note that a freestanding ED falls under your health plan's Emergency Facility definition, which means the cost may be higher to you if you choose to be treated there instead of at an MAU. If you have any questions, please contact the Customer Service number on your Highmark Blue Cross Blue Shield Delaware ID card.

For assistance or health support, call a Blues On CallSM health coach at 1-888-BLUE-428 (1-888-258-3428). All coaches are trained to help you make informed health decisions. Coaching is confidential and no cost to you. Make the call today!
