# NOTICE OF CREDITABLE COVERAGE

# Important Notice from State of Delaware Group Health Insurance Plan About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with the State of Delaware Group Health Insurance Plan, SilverScript, currently administered by CVS Caremark and your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

<u>Medicare-eligible retirees</u> are generally eligible for prescription drug coverage through the SilverScript Medicare Prescription Drug Plan for the State of Delaware and do not need to enroll in another Medicare Prescription Drug Plan. Please refer to the section on the next page called "What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?" for important information.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

- 1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
- 2. The State of Delaware has determined the prescription drug coverage offered by the State of Delaware Group Health Insurance Plan currently administered by SilverScript with CVS Caremark is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

#### When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year after from October 15<sup>th</sup> to December 7<sup>th</sup>.

However, if you lose your current creditable prescription drug coverage through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

#### What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current State of Delaware prescription drug coverage will be affected. If you are a Medicare-eligible <u>retiree</u>, or Medicare-eligible dependent of a retiree, you are generally eligible for prescription drug coverage through the SilverScript Prescription Drug Plan (PDP), administered by

CVS Caremark, for the State of Delaware. You cannot have coverage through another Medicare prescription drug plan and retain your coverage through the SilverScript Medicare PDP for the State of Delaware. If you enroll in a Medicare prescription drug plan, other than the SilverScript Medicare PDP for the State of Delaware, prescription drug coverage through the State of Delaware for you and your eligible dependents will terminate. You will not be able to re-enroll in the State of Delaware's Prescription Drug Program until the State's Open Enrollment period. The Open Enrollment period for the SilverScript Medicare PDP for the State of Delaware is usually held in October of each year. In order to enroll in the SilverScript Medicare PDP for the State of Delaware during Open Enrollment, you must have terminated the other Medicare prescription drug coverage.

If you are a Medicare-eligible <u>active</u> employee, you cannot keep your prescription drug plan with the State of Delaware and enroll in a Medicare prescription drug plan. If you enroll in a Medicare prescription drug plan, prescription drug coverage through the State of Delaware for you and your eligible dependents will terminate. You will not be able to re-enroll in the State of Delaware's Prescription Drug Program until the State's Open Enrollment period (usually May in each year). In order to enroll during Open Enrollment, you must have terminated the other Medicare prescription drug coverage.

It is important that you compare your current plan, including which drugs are covered, with the coverage and costs of Medicare Part D plans in your area before making these decisions. If you consider enrolling in a Medicare prescription drug plan, check with the State of Delaware Statewide Benefits Office or State Pension Office before you enroll.

# When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know if you drop or lose your current coverage with the State of Delaware prescription drug plan and do not join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1 percent of the Medicare base beneficiary premium per month for every month you did not have that coverage. For example, if you go 19 months without creditable coverage, your premium may consistently be at least 19 percent higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.
