

# Institutes of Quality<sup>®</sup>

## Quality care made simple.

Sometimes surgery is the best choice for your health. But all surgery carries some level of risk, so it's important to look for facilities known for quality care. We've simplified the process.

As a member, you have a special network of hospitals and other facilities that specialize in certain procedures:

- Cardiac (for the heart)
- Orthopedic (for the joints and spine)
- Bariatric (for weight loss)

We call these facilities our Institutes of Quality (IOQ for short). Facilities earn IOQ status for having high volumes and producing clear clinical results in their area of specialty. This delivers value and quality to members, so you can get back to living your life.

IOQ requirements were created by working with experts on these health conditions. You can review these requirements at:

[http://www.aetna.com/provider/medical/resource\\_med/business\\_med/institutes.html](http://www.aetna.com/provider/medical/resource_med/business_med/institutes.html)

### **Special Notes**

You may need preauthorization for these services. Please see our Clinical Policy Bulletins located at <https://www.aetna.com/health-care-professionals/clinical-policy-bulletins/medical-clinical-policy-bulletins.html#>.

Not all Institutes of Quality services are covered by all health plans. To find out if a facility is a network provider in your plan, please [log in](#) or [register now](#) to get search results based on your plan or you can start a new search and select an Aetna plan at [http://www.aetna.com/dse/search?site\\_id=docfind&langpref=en&tabKey=tab1](http://www.aetna.com/dse/search?site_id=docfind&langpref=en&tabKey=tab1).

Some of the Institutes of Quality do not have doctors who contract with Aetna. You may have to pay extra if you use a center that does not have doctors who contract with Aetna. Call the number on your ID card to find out.
