

2007 Disability Insurance Program "DIP" Rules and Regulations
Effective ~~July 1, 2024~~ January 1, 2026

1.0 Purpose

The purpose of the proposed Disability Insurance Program Rules and Regulations is to provide State employees and DIP/RTW Representatives with access to policies currently in force and in practice with respect to the Disability Insurance Program. The Rules and Regulations encompass and combine processes that have been developed since inception of the Disability Insurance Program.

NOTE to "Qualified Individual with a Disability" and DIP/RTW Representatives:

When medical restrictions prohibit a "Qualified Individual with a Disability" from performing the essential functions of the job, the *Americans with Disabilities Act of 1990*, as amended "ADA", requires an employer to communicate, in an interactive process or interactive dialogue, with the Qualified Individual with a Disability to identify possible reasonable accommodations that may allow the individual to perform the job. A reasonable accommodation is often a change or modification and can include special equipment that allows the Qualified Individual with a Disability to perform the job, scheduling changes, and changes to the way work assignments are chosen or communicated. However, the employer is not required to provide an accommodation that would involve undue hardship (significant difficulty or expense) and the Qualified Individual with a Disability who receives the accommodation must still perform the essential functions of the job and meet the normal performance requirements. The employing organization and the Qualified Individual with a Disability should have an interactive dialogue to determine the appropriate accommodation based on the request from the Qualified Individual with a Disability and available options. When appropriate, the accommodation discussion should involve various accommodations that are workable. Often times multiple accommodations will be discussed before a decision being made by the employing organization. Refer to Section 2.0 of this regulation for the definition of a "Qualified Individual with a Disability."

- ~~8.12 In accordance with 29 Del.C. §5253(b)(5), if an employee returns to the employee's position on a full-time basis for 15 consecutive calendar days or longer, the succeeding period of disability for which the employee will be approved for STD benefits will be a new period of STD with a new corresponding calendar day elimination period. A new period of STD will not be granted if an employee returns to work on a part-time basis. If recurrent periods of disability are due to the same or a related cause, and separated by less than 15 consecutive days of work as an active full-time employee, this will be considered to be the same period of disability.~~
- 8.12 In accordance with 29 Del. C. §5253(b)(5), if an employee returns to their position on a full-time basis for 15 consecutive calendar days or longer, any subsequent period of disability will be treated as a new period of STD. This new period will include a new calendar day elimination period.
- 8.12.1 For purposes of this subsection, an employee is deemed to have returned to their position on a full-time basis if the employee is actively at work for at least 80% of their regularly scheduled work hours during the 15 consecutive calendar days. An employee working less than 80% of their regularly scheduled work hours during this period is considered to be working part-time. Therefore, a new period of STD will not be granted if the employee returns to work on a part-time basis.
 - 8.12.2 If the employee experiences recurrent periods of disability due to the same or a related cause, and those periods are separated by fewer than 15 consecutive days the employee is actively at work full-time, this will be considered to be the same period of disability as determined by the DIP insurance carrier or third-party administrator.
- 8.13 If while receiving STD benefits an employee should have another disability due to a new cause, the 182nd calendar day associated with the first disability will not be extended and the plan's exclusions will apply to the new disability. The employee is immediately required to report the new disability to the employee's supervisor, Human Resource Benefits Office and to the DIP insurance carrier or third-party administrator.
- 8.14 The DIP insurance carrier or third-party administrator provide the employing organization with a wage report on each claimant illustrating the following information:

- 8.15 It is the employing organization's responsibility to promptly pay STD benefits to employees. Overpayment and underpayment amounts must be immediately reported to the DIP insurance carrier or third-party administrator and to the current or former employee by the employing organization. In the event of an overpayment or underpayment, the DIP insurance carrier or third-party administrator will provide the employing organization with a report listing each claimant who receives or has received Other Income Benefits awarded as defined in subsections 8.6 and 8.7 of this regulation during the approved STD benefit period or who has been underpaid STD benefits as a result of a change in the member's claim. The report will also illustrate the additional following information:
- 8.15.1 Gross overpayment or underpayment amount;
 - 8.15.2 Reason for the recalculation;
 - 8.15.3 Recalculation period;
 - 8.15.4 Amount of the claimant's Other Income Benefits award. Other Income Benefits are defined in subsections 8.6 and 8.7 of this regulation.
- 8.16 Overpayments must be immediately collected by the current or former employing organization and returned to the Office of Pensions via the State's payroll system (PHRST) or other accepted payroll process for tax reporting purposes.
- 8.17 It is the current or former employing organizations responsibility to promptly notify the DIP insurance carrier or third-party administrator of retroactive awards from other programs awarded to STD claimants.
- 8.18 It is the current or former employee's responsibility to promptly notify and repay the State of Delaware or the DIP insurance carrier or third-party administrator for overpayments including income paid as an offset during the STD or LTD benefit period.

9.0 Leaves

- 9.1 Merit & Non-Merit Executive Branch, Elected Offices, DOE, Courts and Legislative Organization Employees
- 9.1.1 Provided the employee files the STD claim no later than the 15th calendar day from the date of disability and abides by the employing organization's policy and procedures regarding attendance and calling out absent, the employee may continue to use available sick leave, annual leave, or a combination of these leaves to be paid until the STD claim is approved, if not approved by the exhaustion of the STD calendar day elimination period. Parental leave is required be used to cover the elimination period as of the birth of a child for eligible employees in lieu of earned sick leave, annual leave, compensatory time or donated leave until the STD claim is approved, if not approved by the exhaustion of the STD calendar day elimination period. Refer to Section 5.0 of this regulation for claim filing requirements.
- 9.1.1.1 If the claim is not in an approved status by the exhaustion of the calendar day elimination period due to reasons outside of the employee's control, such as the employee is totally incapacitated or has been involuntarily confined, the employing organization has discretion to pay the employee sick leave, annual leave, or a combination of these leaves until the employee's STD claim is approved. If the STD claim is approved, the employing organization must reconcile the employee's leave record.
 - 9.1.1.2 At the discretion of the employing organization, employees who are appealing an STD determination and have not returned to work or whose STD claim is still under review by the DIP insurance carrier or the third-party administrator or the Appeals Administrator from the SBO or the Hearing Officer appointed by the SEBC, may be paid sick leave, annual leave, or a combination of these leaves until the STD claim is approved or extended. If the STD claim is approved or extended, the employing organization must reconcile the employee's leave record.
- 9.1.2 An employee may utilize sick leave, annual leave, compensatory time, or donated leave to supplement STD benefits to equal 100% of pre-disability base pay for a maximum benefit period of 182 calendar days. Parental leave is required to be used to supplement the STD benefit to equal 100% of pre-disability base pay for employees entitled to parental leave on the birth of a child. An employee may not use sick leave, annual leave or other leave in lieu of parental leave for the birth of a child to supplement the STD benefit. The employee can choose from the following 3 options:
- 9.1.2.1 Except those entitled to parental leave (Refer to subsection 9.1.1 of this regulation), the employee may choose to use available sick leave, annual leave, or other eligible leave consecutively starting on the first workday of the month to supplement the STD benefit with available leave until the leave is exhausted. The leave must be utilized consecutively rather than on specific dates of the employee's choosing in the month; or
 - 9.1.2.2 Except those entitled to parental leave (Refer to subsection 9.1.1 of this regulation), the employee may choose to retain sick leave, annual leave, or a combination of these leaves and save it for payout at the time the employee becomes a LTD beneficiary or retires on a service pension. Parental leave does not accrue or cannot be donated to the Donated Leave bank or be donated to

- another state employee. An employee who ends employment before the end of the 12 month parental leave period will not be eligible for payment of unused parental leave; or
- 9.1.2.3 Except those entitled to parental leave (Refer to subsection 9.1.1 of this regulation), the employee may choose to save sick leave, annual leave, or a combination of these leaves for use when the employee returns to work from STD leave. Parental leave must be used within 12 months from the date of birth.
- 9.1.3 Employees applying for STD benefits must also apply for the FMLA and parental leave if eligible. Parental leave runs concurrently with FMLA and STD, as applicable. While on FMLA, employees may retain 1 week of sick leave and 1 week of annual leave. Sick leave and annual leave accruals that exceed the allowable 1 week of sick leave and 1 week of annual leave must be used as earned.
- 9.1.4 Except those entitled to parental leave (Refer to subsection 9.1.1 of this regulation), donated leave may be used to pay employees during the calendar day STD elimination period. However, regardless of whether a claim was filed with the DIP insurance carrier or third-party administrator, donated leave is not to continue following the calendar day elimination period until the employee's STD claim has been approved and the employee continues to be in an STD approved status. After approval of the employee's STD claim and while the employee remains in an approved STD status, the employing organization may apply donated leave retroactively to supplement the STD benefit payment.
- 9.1.5 Employees on parental leave, FMLA or donated leave must follow the rules that apply to those programs.
- 9.1.6 If an employee is otherwise eligible for holiday pay or a paid leave other than identified in 29 **Del.C.** §5253(b)(4), the employee will be granted 100% pay on the day in question without a residual. Leave supplements will be calculated on a per pay basis.
- 9.1.7 Employees on approved STD may choose to use sick leave and annual leave earned each month in its entirety or to save the sick leave and annual leave for payout at the end of employment, beginning of LTD, or service pension. As of the birth of a child, employees on approved STD are required to utilize parental leave. Rules for parental leave, FMLA and donated leave take precedence.
- 9.1.7.1 Employees who exhaust annual and sick leave each month will accrue leave at 100% for the given month.
- 9.1.7.2 Employees who decide to save sick leave and annual leave will accrue leave at 75% for the given month.
- 9.1.8 If the employee is in a "no pay" status during the STD elimination period, sick leave and annual leave stops. The employee should receive sick leave and annual leave prorated for the portion of the month last worked and a prorated amount of sick leave and annual leave for the portion of the month in which STD benefits were received. Parental leave will be used to cover the elimination period as of the birth of a child and is a paid leave.
- 9.1.9 Merit employees remain subject to the provisions of Merit Rule 5.2.4 regarding annual leave carryover.
- 9.1.10 As of the exhaustion of the maximum STD benefit period, an employee, except those entitled to hazardous duty pay as defined in 29 **Del.C.** §5916(e), 29 **Del.C.** §5933(c) and (d), and 83 Del. If the member returns to full-time State employment in a benefit eligible position for 30 calendar days within the 6 month escrow period, the member's sick leave and annual leave balances will be restored. If the member does not return to State employment in a benefit eligible position, the escrowed sick leave and annual leave will be paid to the member based on the rules in place by the member's former employing organization.
- 9.1.10.2 Payout of Sick Leave and Annual Leave: The employee will be eligible to receive a payout of sick leave and annual leave based on the rules in place by the employing organization. Claimants who file an appeal are required to immediately advise the employee's supervisor and Human Resource Benefits Office of the status of the appeal for benefits. The DIP insurance carrier or third-party administrator will provide notice that an appeal has been received to the claimant, Human Resource Benefits Office, and to the SBO.
- 11.2 In accordance with 29 **Del.C.** §5258, within 90 days of the postmark date of the carrier's written notice of its determination regarding STD benefits, a claimant may appeal a determination of disability benefits by filing a written petition setting forth with particularity the grounds for appeal with the DIP insurance carrier or third-party administrator. The DIP insurance carrier or third-party administrator has the authority to reverse or amend its initial STD benefit determination and will notify the claimant, the employing organization and the SBO in writing by certified mail, return receipt requested within 10 days of the determination.
- 11.3 In accordance with 29 **Del.C.** §5258, within 20 days of the postmark date of the DIP insurance carrier or third-party administrator's determination of benefits being appealed, a claimant may file a second level appeal by filing a written petition setting forth with particularity the grounds for second appeal to the Appeals Administrator at the SBO, who will conduct an informal review, and who has the authority to reverse or amend the decision of the DIP insurance carrier or third-party administrator to deny benefits. Refusal to follow the order of the Court will be contempt of Court;

15.0 LTD Coverage

After the exhaustion of the first 24 months of disability, the claimant is prevented from performing 1 or more of the essential duties of any occupation. The claimant's failure to pass a physical examination required to maintain a license to perform the duties of the claimant's occupation alone, does not mean that the claimant has a disability.

15.3 The LTD program does not cover:

15.3.1 Disabilities not under the regular care of a health care provider;

15.3.2 Disability that is caused or contributed to by war or an act of war (declared or not);
