

Establishment of SEBC Subcommittees

August 24, 2026

Last Meeting

- At the July 27, 2026 meeting, the Committee discussed the establishment of two Subcommittees that align with the GHIP Strategic Framework:
 - Financial and Vendor Strategy Subcommittee (FVSS)
 - Health Outcomes and Data Insights Subcommittee (HODIS)
- The Committee requested that the SBO draft Resolutions for the establishment of the Subcommittees.
- A Resolution was drafted for the establishment of each Subcommittee that outlines the responsibilities, the recommended membership makeup, and operational guidelines for the Subcommittees.

Next Steps

- After public comment, the Committee will consider a motion to rescind the current Resolution establishing the Financial Subcommittee and Health Policy & Planning Subcommittee.
- After public comment, the Committee will separately consider the Resolutions establishing the Financial & Vendor Strategy Subcommittee (FVSS) and Health Outcomes & Data Insights Subcommittee (HODIS).
- Following establishment of the Subcommittees, the SBO will email each SEBC member requesting that they respond by Friday, September 11, 2026, indicating whether they are interested in serving on a Subcommittee. Members expressing interest will be asked to identify their preferred Subcommittee and whether they would serve personally or identify a standing designee. Designees are expected to serve on a continuing basis to promote continuity and informed deliberation.
- The SBO will compile the expressions of interest and present them to the SEBC at its next meeting. The SEBC will discuss the proposed composition of each Subcommittee and vote to appoint the members.
- Following appointment of Subcommittee members, nominations for Chair will be requested from among eligible members of each Subcommittee. The SEBC will vote to appoint the Chair of each Subcommittee.
- Following appointment of members and Chairs, the SBO will begin scheduling Subcommittee meetings, with initial meetings anticipated in October or November 2026.
