DELAWARE STATE SENATE  
152nd GENERAL ASSEMBLY

SENATE BILL NO. 29  
AS AMENDED BY  
SENATE AMENDMENT NO. 1

AN ACT TO AMEND TITLE 29 OF THE DELAWARE CODE RELATING TO THE STATE EMPLOYEE BENEFITS CONSOLIDATION ACT.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF DELAWARE:

WHEREAS, promoting and protecting the health and wellness of Delaware's senior citizens is one of the highest priorities of the General Assembly; and

WHEREAS, State pensioners served the Delaware community for years and deserve quality healthcare through a sustainable State-funded plan; and

WHEREAS, over the past several years, the State Employee Benefits Committee (SEBC) and the Retirement Benefit Study Committee (RBSC) held many public meetings to study State retiree healthcare benefits and found that under the current state pensioner healthcare plans, vesting schedules, and funding models that the retiree benefit trust fund ("trust fund") is woefully underfunded and unsustainable; and

WHEREAS, specifically, the RBSC's analysis indicated a current shortfall of \$10 billion and a projected shortfall of \$37 billion in the trust fund by 2050 if the 2022 status quo continues; and

WHEREAS, the SEBC and RBSC analyses and public meetings indicated that a transition to a Delaware-specific Medicare Advantage plan, alongside higher contributions in the annual State budget to the trust fund and additional measures, would enable the State to continue to provide a strong package of healthcare benefits to State retirees on Medicare while also stabilizing the trust fund; and

WHEREAS, the SEBC, which has the legal responsibility to establish and oversee retiree healthcare, competitively bid the administration of the State Group Health Insurance Plans offered to State pensioners as the previous five-year Medicare Supplement contract prepared to expire on January 1, 2023; and

WHEREAS, after many public meetings, in early 2022, the SEBC received and awarded a bid by Highmark Blue Cross Blue Shield Delaware ("Highmark Delaware") to provide retiree healthcare under a Medicare Advantage plan, beginning January 1, 2023 (the "State Medicare Advantage Plan" or "Plan"); and

WHEREAS, on June 28, 2022, the Governor signed the Fiscal Year 2023 state budget, which passed the General Assembly with overwhelming bipartisan support, included language that recategorized the State plan from Medicare Supplement to Medicare Advantage, and included one-time supplemental funding for the trust fund equal to one percent of the prior year's budget; and

WHEREAS, in the months after the Governor signed the FY23 budget, it became clear that many State pensioners were not aware of the SEBC and RBSC's public meetings and did not have an understanding of the forthcoming changes, and that some of the terms of the forthcoming changes themselves were still being negotiated; and

WHEREAS, after realizing that the impending transition in health plans was unexpected news to many State retirees, members of the General Assembly organized a series of public meetings throughout Delaware to solicit public input and to provide details and clarification about the State Medicare Advantage plan; and

WHEREAS, in response to legislators' and public input, the Governor's cabinet and staff negotiated for stronger transparency and accountability provisions of the contract with Highmark Delaware; and

WHEREAS, following a legal challenge to the transition to the Plan, on October 19, 2022, the Superior Court issued an opinion and order staying the implementation of the Plan; and

WHEREAS, it is in the interest of all Delawareans, including State retirees, that changes to State retiree healthcare benefits and ongoing annual funding for the trust fund are effective in stabilizing the trust fund while also continuing to provide strong, effective, and sustainable healthcare to State retirees; and

WHEREAS, following the October 19, 2022, opinion and order from the Superior Court, the retiree healthcare benefits under the previous Medicare Supplement plan have been extended until at least January 1, 2024, and there now is a need to consider the benefits and fiscal impact of any plan that will commence thereafter.
