You don’t plan on it, but you can plan for it
Critical illness insurance

You matter. Plan accordingly.

You’re in the middle of everything — raising kids, caring for parents, helping friends. What if a critical illness put you on the sidelines? It’s difficult to anticipate the extra expenses a serious illness may bring, but you can plan for the unexpected with group critical illness insurance.

Critical illness insurance provides a lump-sum cash benefit when a covered condition is diagnosed on or after the effective date of coverage. The benefit can help you pay out-of-pocket medical costs or keep up with ordinary living expenses such as mortgage payments or childcare.

How it works

Here’s an example of how Securian Financial’s critical illness insurance works.*

Jill elects $15,000 in coverage from the plan offered by her employer. A year later she suffers a heart attack (as defined in the policy). She recovers fully. Jill gets a payment from Securian. Jill uses the money to pay for childcare while she recovers.

*Actual experience and benefit payouts may vary from this example.

Critical illness covered conditions

The following conditions are covered at 100 percent of the coverage amount, unless noted. All covered conditions must meet all policy requirements.

- Full benefit cancer*
- Heart attack
- Stroke
- Major organ failure
- Kidney failure
- Partial benefit cancer (25%)
- Coronary artery disease needing surgery (25%)
- ALS
- Bacterial meningitis
- Creutzfeldt-Jakob disease
- Multiple sclerosis
- Necrotizing fasciitis
- Occupational HIV
- Systemic sclerosis
- Cystic fibrosis
- Muscular dystrophy

All definitions and terms of coverage will be provided during enrollment on Securian Financial’s website, LifeBenefits.

*The difference between full benefit cancer and partial benefit cancer is explained further in the certificate of insurance.
