

Get ahead of life's twists and turns

You're in the middle of everything – raising kids, caring for parents, helping friends. What if a critical illness put you on the sidelines? It's difficult to anticipate the extra expenses a serious illness may bring, but you can plan for the unexpected with group critical illness insurance.

Critical illness insurance provides a lump-sum cash benefit when a covered condition is diagnosed on or after the effective date of coverage. The benefit can help you pay out-of-pocket medical costs or keep up with ordinary living expenses such as mortgage payments or childcare.

Why critical illness insurance makes sense

Critical illnesses are expensive. It's easy to understand how unpaid medical bills can threaten a family's financial future. While you can't prevent a critical illness in your family, you can help protect your finances with additional, cost-effective coverage.

Here's an example of how it works*

Jill elects coverage from the plan offered by her employer.

A year later she suffers a heart attack (as defined in the policy). She recovers fully.

Jill gets a payment from Securian.

Jill uses the money to pay for child care while she recovers.

Key benefits of critical illness insurance

- \$50 health and wellness benefit
- No exclusions with pre-existing conditions
- All coverage is guaranteed when initially eligible, during open enrollment periods and after a family status change
- Coverage available for your spouse and/or children

*Actual experience and benefit payouts may vary from this example.

What does your critical illness plan cover and how much will you receive?

Cash payment to help manage expenses associated with a covered critical illness.

Frequently asked questions

Why should I purchase critical illness insurance?

Critical illness insurance helps you focus on your recovery and treatment when you are diagnosed with a serious illness, such as cancer, rather than your finances. It complements your health insurance and provides additional financial protection for you and your family to use as you wish when it's needed the most.

Can I take my coverage with me if I leave my employer?

If you leave your employer for any reason, including retirement, you can elect to port your coverage and pay premiums directly to Securian Financial. Initially, rates are the same as what you pay as an active employee, but rates are subject to change.

Who is eligible for coverage?

- You – all permanent full-time, permanent part-time, elected and appointed state officials, and limited term employees working in the United States at the employee's normal place of business
- Employees may also elect coverage for their legal spouse and their unmarried children, stepchildren and legally adopted children.
- Children are eligible from live birth up to age 26.
- Disabled children can be covered beyond the dependent child age limits. The disabled child may be covered if he or she:
 - Was covered continuously as a dependent child in the group voluntary insurance through his or her parent before reaching the dependent child age limit;
 - Is not married; and
 - Is providing 50 percent or less of his/her own support because of a disability that is expected to last more than 12 months or results in death.
- You may also cover a child who is not yours or your spouse's natural or adopted child if the child is:
 - Unmarried; and
 - Living with you in a regular parent-child relationship; and
 - Dependent upon you for support and maintenance; and
 - Under the age 19 or under age 24 if a full-time student.

Please note that your spouse cannot receive coverage as both an employee and dependent, and a child cannot be covered by more than one parent, if you are both employees of the State of Delaware or the University of Delaware. Visit the Statewide Benefits Office website at de.gov/statewidebenefits (select your group, then choose "Accident & Critical Illness Insurance") for more information on dependent children eligibility.

Do the benefit payouts have to be used a certain way?

Critical illness insurance provides a payment directly to you – regardless of income, expenses incurred or other insurance coverage. You can use the money any way you want.

Can I add critical illness insurance anytime?

You can only elect guaranteed coverage as a new hire, during open enrollment or at the time of a qualified status change.

What is a covered critical illness?

A covered critical illness is a specific health condition for which a benefit may be paid, upon diagnosis and submission of an approved claim.

Note: Covered conditions may vary by state. Please refer to your certificate of insurance for complete critical illness definitions.

What's the difference between full and partial benefit cancer?

The difference between full and partial benefit cancer is typically based on the stage and type of cancer. Partial benefit cancer is typically for earlier stages of cancer and full benefit cancer is typically for later stages of cancer. An explanation for both full and partial benefit cancer is provided in your certificate of insurance at securian.com/delaware-insurance.

Are benefits payable for a condition diagnosed prior to my coverage effective date?

No. Benefits are not payable for an illness diagnosed prior to your coverage effective date. For example, if you were diagnosed with a stroke prior to the effective date, you would not be eligible for payment for that stroke. However, if you had a stroke after your coverage is effective with us, you would be eligible for payment of the second stroke with us since it happened after your coverage is effective. If you had been diagnosed with another stroke 6 months or more later (from diagnosis to diagnosis), you would be eligible to receive a recurrence benefit for your third stroke.

Critical illness exclusions and limitations

Are there any other exclusions that apply?
