#2— It's FREE!

SurgeryPlus negotiates a single cost (bundled rate) for the entire surgical procedure. This results in savings to the State of Delaware. These savings are shared with the member through financial incentives.* As a result, members will not have to pay a copay, deductible or coinsurance for any services through SurgeryPlus. It's **FREE!** Also, you will know the cost of your surgery up front and will have no unexpected bills because of the pre-negotiated bundled rate.

*Effective July 1, 2023, all bariatric surgeries will be required to be performed by a surgeon in the SurgeryPlus network and will not be eligible for a financial incentive.
