If a wage earner dies unexpectedly

Thirty-eight percent of Americans say their household would face **financial hardship within six months** should a wage earner die unexpectedly

Facts from LIMRA Life Insurance Awareness Month September 2023

Did you know that thirty-eight percent of Americans say their household would face financial hardship... within six months should a wage earner die unexpectedly,

And thirty percent would struggle within a month?

No matter your stage of life, life insurance can make a difference.

No matter your stage of life, life insurance can make a difference. And, your own considerations will differ from others based on the needs of your family.

Why do I need life insurance?

- Student loans
- Car loan
- Credit cards
- Other debts
- Daycare costs

- Other living expenses
- · Child's education
- Mortgage
- Other monthly bills
- · Loss of income

| 5

So, why do you need life insurance? Here are some examples:

- If you're single, life insurance can help your family members pay off your student loans, car loan, credit cards or other debts.
- For a single parent who is their family's sole breadwinner, life insurance will help cover your children's day care costs, other living expenses and fulfill plans for their future education if you are no longer there to provide for them.
- For those currently married with young children, you might have modest savings and big responsibilities: a mortgage, childcare and other monthly bills. If you die prematurely, life insurance can help your spouse support the life you've built and plans for your children's future despite losing your income.
- And if you're in the stage of life where you're married with no children, consider your spouse's reliance on your paycheck and evaluate to what extent you might decrease your coverage. You may need less term life insurance if you don't depend as much on your income.

Part of what makes term life insurance through work such an attractive financial protection solution is the flexibility of being able to decrease it when you no longer need as much.

What is Group universal life (GUL) insurance?

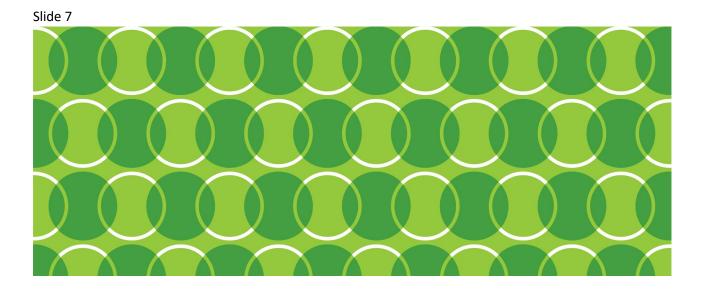

GUL is a form of permanent life insurance, designed to protect your family's financial future.

Group universal life insurance, which you may purchase through your employer, is designed to protect your loved ones and their financial future. You can prepare for the unexpected by providing an extra level of financial protection during your working years, when your income would be missed the most. And as a form of permanent life insurance, you can continue it to age 100.

In addition to providing your beneficiaries financial resources in the event of your death, which is the primary purpose of life insurance, GUL provides the additional option of accumulating cash value – which I'll discuss shortly.

Enrolling in life insurance through your employer provides a cost-effective way to bring you and your family peace of mind.

A closer look at your plan

To start off, let's review your available coverage options as well as the cost.

Coverage options

Child term life

Elect 1-6x your base annual salary • Maximum: \$350,000 (rounded to the next higher \$10,000)

· Includes matching AD&D benefit

AD&D terminates at age 70

Elect \$10,000 or \$20,000

Elect \$10,000 or \$20,000 per child

You are eligible to purchase, through payroll deduction:

Employee GUL and accidental death and dismemberment (or AD&D), in increments of your salary, from 1 to 6 times your base annual salary, to a maximum of \$350,000. Your total coverage amount will be rounded to the next higher \$10,000. Please note that GUL coverage is available to employees only, and AD&D coverage terminates at age 70.

You are also able to purchase term life insurance for your spouse and children.

- ٠ Spouse term life insurance can be elected in the amount of \$10,000 or \$20,000. And finally, child term life insurance can be elected in the amount of \$10,000 or \$20,000 per child. Please see the Statewide Benefits Office website at de.gov/statewidebenefits for information regarding age limitations.
- Additionally, please note that if both parents are benefit eligible active employees, each may be ٠ insured as a spouse or elect child coverage as well.

Coverage available with no health questions

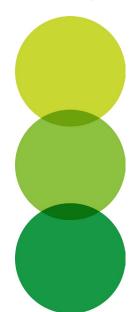

Initial eligibility

- Employee GUL insurance
- Spouse term life
- Child term life

Family change

- Employee GUL insurance
- · Spouse term life
- Child term life

There are certain times in which you can enroll for coverage without answering health questions.

Initial eligibility refers to the first time a person is eligible for coverage. For you, the employee, this is when you're hired and become eligible for benefits. You have a 90-day eligibility period to enroll in these benefits upon being newly hired. This period begins on the first day of employment in a benefit eligible position.

For your spouse, it's when you become eligible for benefits or within 31 days of a new marriage.

During initial eligibility, you can choose from the following coverage options and enroll without answering health questions.

- Employee GUL coverage may be elected by one to three times your base annual salary, up to a maximum of \$200,000.
- Spouse term life insurance can be elected in the amount of \$10,000 or \$20,000 in coverage.
- Child term life insurance can be elected in the amount of \$10,000 or \$20,000 in coverage.

Growing a family provides another opportunity to enroll for coverage without answering health questions. The following options are available to elect within 31 days of marriage, birth or adoption of a child.

- Existing employee GUL coverage may be increased by one times your base annual salary to two times or from two times to three times; provided the new total does not exceed three times your base annual salary or \$200,000.
- Spouse term life insurance can be elected in the amount of \$10,000 or \$20,000 in coverage.
- Child term life insurance can be elected in the amount of \$10,000 or \$20,000 in coverage.

Proof of good health is required for all GUL selections made outside of these eligibility periods.

Now, let's also take a look at your special opportunity to enroll in coverage without providing health questions during Open Enrollment.

Special opportunity during 2024 Open Enrollment

- Enroll or increase your State group universal life insurance without providing proof of good health during Open Enrollment, May 1 – 17, 2024.
- No action is required if you do not wish to make changes, as your current coverage elections will continue and remain unchanged.

You have a special opportunity to enroll or increase your GUL insurance without providing proof of good health during Open Enrollment, May 1-17.

Please note that if you are currently enrolled in GUL insurance and do not wish to make any changes, no action is required as your current coverage elections will continue and remain unchanged.

Now, let's take a closer look into your Open Enrollment opportunity.

No health questions asked during Open Enrollment

- Employees <u>who are not</u> currently enrolled may elect employee coverage at one times your base annual salary, up to \$200,000.
- Employees <u>who are</u> currently enrolled at 1 or 2x their base annual salary can increase their coverage by **one times** their base annual salary, as long as it does not exceed **three times** your base annual salary or **\$200,000**, whichever is less.
- · Can also add dependent term life insurance coverage.

During Open Enrollment, the following options are available to benefit-eligible active State of Delaware and DSWA employees without requiring proof of good health.

- Employees who are **not** currently enrolled in GUL coverage may elect employee coverage at **one times** their base annual salary, up to \$200,000.
- Employees who are currently enrolled at one or two times their base annual salary may elect to
 increase their employee coverage one times their base annual salary, as long as it does not
 exceed three times their base annual salary or \$200,000, whichever is less. If your multiple of
 salary takes you over \$200,000, you will be capped at \$200,000 unless you submit proof of good
 health to Securian Financial and are approved.
- GUL enrollees can also add dependent term life insurance coverage (such as a spouse or a child). Please note that proof of good health is required for all GUL enrollee dependent selections made outside of your 90-day initial eligibility period or after 31 days of a qualifying event, such as marriage or birth of a child.

Who is <u>NOT ELIGIBLE</u> for the 2024 Open Enrollment Special Opportunity?

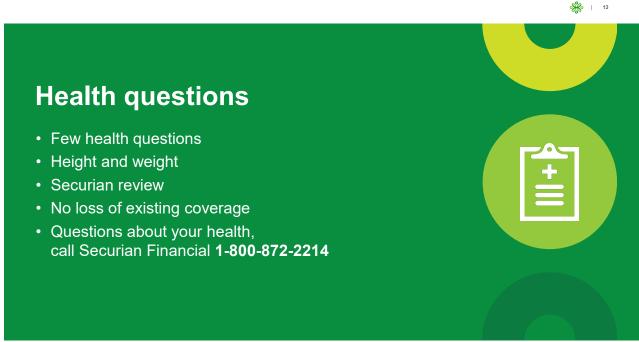

- Those who are not employed in an active benefit-eligible position with the State of Delaware or DSWA; or
- Those who were previously declined* GUL coverage by Securian Financial; or
- Those who are currently on a Leave of Absence from work; or
- Current GUL participants enrolled at three*, four*, five* or six times their base annual salary; or
- Current GUL participants with greater than \$200,000 coverage*

*These individuals can apply for or increase their GUL coverage anytime throughout the year; however, they would be required to submit proof of good health to Securian Financial for approval.

The following information includes a list of ways that an employee may not be eligible for the Open Enrollment Special Opportunity:

- Those who are **not** employed in an active benefit eligible position with the State of Delaware or DSWA; or
- Those who were previously declined* GUL coverage by Securian Financial; or
- Those who are currently on a Leave of Absence from work; or
- Current GUL participants enrolled at three*, four*, five* or six times their base annual salary; or
- Current GUL participants with greater than \$200,000 coverage*

*Please note that these individuals can apply for GUL coverage or increase their GUL coverage anytime throughout the year. However, they would be required to submit proof of good health to Securian Financial for approval.

Enrolling for coverage other than what I just introduced does require answering health questions. Don't let this deter you from choosing the total amount of coverage you need to help protect your family's financial future.

We try to make the process as easy as possible. After choosing your coverage amount, you'll be prompted to answer few questions about your health history, along with height and weight.

Based on your answers, it will be determined whether anything further is needed to make a decision to approve or decline the application.

If by any chance your application is not approved, you will still get any coverage that didn't require the health questions and it will not affect any coverage you already have.

If you have concerns about your health history making you ineligible for insurance, we welcome you to call Securian Financial at 1-800-872-2214.

For the coverage that you elect, the rates you pay are reflective of the cost to insure you – meaning your rates will increase with age. Typically, you will experience a rate increase every five years – when your new age ends in zero or five.

You may decide to increase your life insurance coverage when you're growing a family – and decrease it later as your financial obligations lessen.

Cost scenarios

Total monthly cost (based on \$150,000 in employee coverage)

Employee, age 30 elects the following:

Coverage	Employee	Spouse (\$10,000)	Child(ren) (\$10,000)	Total monthly premium
Monthly cost	\$9.15	\$3.45	\$1.30	\$13.90

Employee, age 40 elects the following:

1 3 7 8				
Coverage	Employee	Spouse (\$20,000)	Child(ren) (\$10,000)	Total monthly premium
Monthly cost	\$15.15	\$7.90	\$1.30	\$24.35

Employee, age 50 elects the following:

Coverage	Employee	Spouse (\$10,000)	Child(ren) (\$20,000)	Total monthly premium
Monthly cost	\$38.85	\$3.45	\$2.60	\$44.90

Employee, age 60 elects the following:

Coverage	Employee	Spouse (\$10,000)	Child(ren) (\$10,000)	Total monthly premium
Monthly cost	\$94.80	\$3.45	\$1.30	\$99.55

Rates are subject to change.

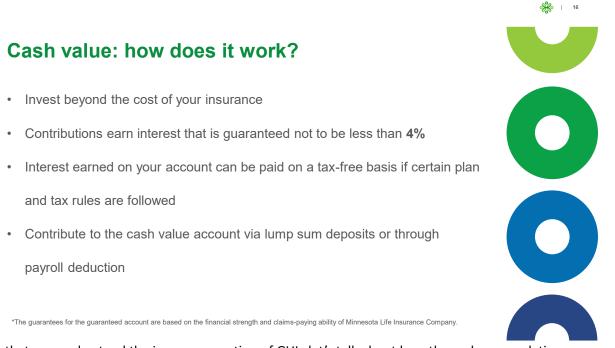

Let's review a few cost scenarios for monthly rates based on \$150,000 of GUL with AD&D coverage for an employee based on age, as well as coverage for your dependents.

The cost for child coverage does not increase with age. It's \$1.30 for \$10,000 of coverage and \$2.60 for \$20,000. And this monthly rate covers all eligible children; it is not per child.

Your cost for coverage is after tax and will be paid through the convenience of bi-weekly payroll deductions.

Here is an example of the cost for a 30-year-old employee with spouse and child coverage.

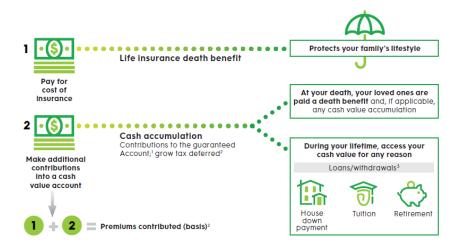

Also, here is what that cost looks like at age 40, 50, and 60, considering the rate increases with age for employees.

Now that you understand the insurance portion of GUL, let's talk about how the cash accumulation portion works.

You have the option to make additional contributions, or an investment, above the cost of insurance into the cash accumulation account. The contributions in this account earn interest that is guaranteed not to be less than 4%. You don't have to pay taxes on the money you earn until a later date, this is called tax-deferred growth.

If you choose to contribute to the additional funds above the cost of insurance, you may do so through payroll deduction or in lump sum deposits. You also may start or stop the contributions at any time. Please know that there is a premium tax charged each time you contribute to the cash value account of 3%. For example, if you contribute \$100 to the cash value account, \$97.00 will be credited to the account.

Cash value: how does it work?

The money accumulated in the cash value account can be used to meet long-term financial opportunities and obligations.

You can choose to leave the additional cash value in with the Life Insurance policy which increases the death benefit amount your beneficiary will receive. The cash value can also be used to pay your premiums when you are no longer an active employee.

The money accumulated is also accessible through loans and/or withdrawals to help pay for life expenses such as a home down payment, tuition and retirement. Please know that loans and withdrawals reduce both the policy cash value and death benefit.

The death benefit is not taxed when it's paid to your beneficiary, or beneficiaries.

Take your coverage with you

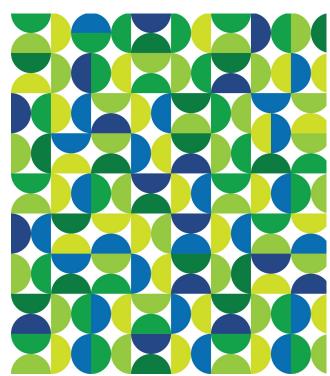

- No proof of good health required: Coverage that you have as an active employee will automatically continue for employees:
 - $_{\odot}\,$ Hired prior to July 1, 2015, at 50% of your GUL coverage amount
 - $_{\odot}\,$ Hired on or after July 1, 2015, at 100% of your GUL coverage amount
 - You can reduce coverage at your discretion.
- · Continuation: Securian Financial will bill you directly.
- **Rates:** The premium you pay will be higher than what active employees pay but will remain competitive.
- Coverage: Terminates at age 100.

GUL also offers the opportunity to seamlessly continue your coverage beyond your active employment without providing proof of good health. If you are no longer employed in a benefit eligible position, you and your dependents may take advantage of continuation options. Check with your employer for more information regarding options available to you.

Securian Financial will bill you directly for the premiums after your termination is processed. Please note that premiums may be higher than those paid by active employees. If payment is not received, premiums for the cost of insurance will be automatically deducted from funds in your cash value account, if any.

Lastly, your coverage will terminate at age 100.
