## OBJECTIVE, SCOPE, AND METHODOLOGY (Continued)

## METHODOLOGY

Data for Fiscal Year 2023 (FY23) was collected from the State's Payroll Human Resource Statewide Technology (PHRST) database. Information is entered into PHRST by DHR staff assigned to each agency following required HIPAA, PHRST, and agency on-the-job training. Data may vary from other published reports depending on the timing of input. Turnover assessments, retirement projections, and other analyses included in this report were gathered from DHR and Pension reports. The data provided is as reported in PHRST and has not been regularly audited.

PHRST maintains data on state agency headcounts and employment actions. Data is analyzed by many variables including by agency, job class, demographics, pay data, and turnover reasons among others. Additionally, this report provides workforce termination, age, length of service, union membership, and salary data. The data collected is analyzed and used to predict workforce trends.

Other information presented in this report was obtained from material gathered and/or published by the Office of Management and Budget (OMB), Office of Pensions, Delaware Department of Labor, U.S. Department of Labor, Bureau of Labor Statistics, and U.S. Census Bureau. Data may not total 100 percent in selected graphs due to rounding, missing data, or data input errors.

## OVERVIEW

The FY23 Report was prepared to present statistics on the State of Delaware Executive and Non-Executive Branch Agencies' workforce as of June 30, 2023.

* State of Delaware Agencies employed a total of 15,715 employees as of June 30, 2023. State of Delaware Agencies employed 13,262 employees that are Merit or Exempt (from Merit) status, which are included and described as "All Other State of Delaware Employee Designations" below. There are also Casual/Seasonal Employees, Board Members and Commissioners who are employed by the State, and those numbers listed below are excluded from the data presented in the FY23 report.

## State of Delaware Agency Employees

* Merit represents employees in positions covered by the Merit System Law, 29 Del.C. Chapter 59 and the State's Merit Rules.
* Exempt or Non-Merit refers to employees in positions which are exempt from the Merit System of Law, 29 Del.C. Chapter 59 and include the following types:
- Merit-Comparable are employees in positions which, for salary determination purposes pursuant to the State Budget Act, are assigned classification titles and/or pay grades that are comparable to the titles and/or pay grades of similar positions in the classified (Merit) service. (19 Del.C. § 5901(5)).

## OVERVIEW (Continued)

- Non-Merit-Comparable, ${ }^{1}$ describes employees in positions that are exempt from Merit System law but not comparable to the titles and/or pay grades of positions in the classified service. Examples include General Assembly-House or General Assembly-Senate, Uniformed State Police, and Communication staff at State Police. Employees of University of Delaware, Delaware State University, selected employees of Delaware Technical Community College who are paid on the Administrative Salary Plan or Faculty Plan, Plans D and A, some employees of the Delaware National Guard and employees whose salaries are governed by Section 10 of the State Budget Act (Cabinet Secretaries, etc.) are also in this category. Based on these non-Merit-Comparable groups, uniformed and communications staff at State Police and Cabinet Secretaries are included in the data.
- Casual/Seasonal (C/S) employees are hired on a temporary basis to assist agencies in the situations described in 29 Del.C. § 5903(17). Although these employees may technically be in the exempt from Merit category, for purposes of this report they are excluded, except for any areas noted.

## COMPENSATION

The State of Delaware has an established 26-pay grade Merit Pay system. The Merit Pay system has a threepoint scale for each pay grade which includes: a minimum at $80 \%$ of midpoint, a midpoint at $100 \%$, and a maximum at $120 \%$ of midpoint scale. Responsibilities in State jobs are evaluated, assigned a pay grade and documented in job classifications.

Compensation is influenced by legislation, recruitment and retention issues, as well as collective bargaining. As a result of Delaware's Senate Bill 15 which was signed on July 19, 2021, the minimum hourly wage rate for Delaware was increased to $\$ 11.75$ effective January 1, 2023. The minimum hourly wage rate for the State of Delaware will gradually increase to $\$ 15.00$ over subsequent years. The following chart shows the State of Delaware minimum hourly wage rates for each year which is substantially greater than the current Federal Minimum Wage Rate of $\$ 7.25$ (July 24, 2009).

| Effective Date | State of Delaware <br> Minimum Hourly Wage Rate |
| :---: | :---: |
| January 1, 2022 | $\$ 10.50$ |
| January 1, 2023 | $\$ 11.75$ |
| January 1, 2024 | $\$ 13.25$ |
| January 1, 2025 | $\$ 15.00$ |

As Delaware's largest public employer, the State of Delaware like many other public and private employers faced continuing labor shortage challenges to recruit and retain employees. Therefore, recommendations were approved to adjust the Merit Pay Scales in FY23 within a range of $2 \%$ to $9 \%$ with lower pay grades receiving the highest percentage adjustments.

The implementation of this recommendation, along with legislation signed into law that increases the state minimum wage, increased the following Merit Pay Scales for FY23. Additional increases in the Merit Pay Scales will be reflected in the FY25 DHR Annual Workforce Report.

## COMPENSATION - State Agencies (Continued)

The following chart depicts average salary by gender and fiscal years for the Agencies reporting, which includes both Merit and Exempt (from Merit) employees with the exclusion of Board Members and Casual/Seasonal employees. The Average Male Salary is approximately 8\% higher than the Average Female Salary.

## Annual Comparison of Average State Agency Employee Salary by Gender

## COMPENSATION - State Agencies (Continued)

The $8 \%$ average salary variance between male and female employees may be attributed to more males in positions covered by collective bargaining units which may have negotiated higher increases. The chart below lists the Agencies with the greatest total number of employees covered by collective bargaining units. The Executive Branch Agencies includes both Merit and Exempt (from Merit) employees with the exclusion of Board Members and Casual/Seasonal employees.

Males outnumber females substantially in the Department of Correction, Department of Safety and Homeland Security and the Department of Transportation. The highest average salary, $\$ 84,215$ is with the Department of Safety and Homeland Security. The males in this Agency earned an average salary of \$91,365 and the females earned an average salary of $\$ 63,489$.

## COMPENSATION - State Benefits

In addition to salary, State of Delaware employees receive several valuable benefits which complement their regular pay. This combination of salary and benefits is referred to as total compensation and includes health insurance, Annual Leave Time (ALT), and pension.

For example, the total compensation for a state employee with an average salary of $\$ 43,105.00$ with family coverage for health insurance, paid time off, and pension is $\$ 82,507.74$ using the Total Compensation Calculator: https://statejobs.delaware.gov/total-comp-calc/index.shtml

|  | Benefit Type | Your Cost | State Cost |
| :--- | :---: | :---: | :---: |
| Base Salary |  |  | $\$ 43,105.00$ |
| Health Insurance |  | $\$ 3,274.32$ | $\$ 21,438.48$ |
| Disability Insurance |  | $\$ 1,855.25$ | $\$ 984.21$ |
| Retirement Benefits |  | $\$ 9,784.84$ |  |
| Vacation |  | $\$ 2,519.98$ |  |
| Sick Leave |  | $\$ 2,519.98$ |  |
| Holiday |  | $\$ 2,155.25$ |  |
| Total Compensation |  |  | $\$ 82,507.74$ |

- Salary selected: $\$ 43,105.00$
- Health insurance Plan: Family
- Most expensive available health insurance plan (Highmark Delaware Comprehensive PPO Plan)
- Total annual paid time off for Vacation, Sick and Holiday equates to: $\$ 7,195.21$
- Employee working a 37.5 hour work week.
- Defined Retirement Benefit estimates assume employee meets vesting requirement and works until retirement at age 65 .
- This calculator does not include shift or hazardous duty pay, selective market variations, blanket salaries, overtime, holiday, standby, supervisory, command post, various police and any other special pays associated with various positions.
- The value of paid time off is calculated based on the 2020 annual base pay, paid time off accrual ( 0 years of sevice), and 13 holidays.
- Eligibility for the Disability Insurance/Short Term and Long Term Insurance is dependent upon the position being covered by the State Employee Pension Plan.
- Every effort has been made to ensure the accuracy of this calculator. The applicable State of Delaware policies, procedures, provisions and rules govern the operation of each benefit plan and the payment of all benefits. Those documents cannot be modified by the contents of this calculator or any written or oral statements to you from benefit administrators or other personnel.

## COMPENSATION - Employee Leave

The State provides agency employees hired into positions with regular 30 hours or more per week generous benefits in the form of leave and other benefits. Depending on the number of hours hired to work, employees earn additional leave based on the chart below:

Paid Annual Leave accrues as follows:

| Intentionally Left Blank | Full-time employees hired to <br> work 37.5 hours standard <br> work week | Full-time employees hired to <br> work 40 hours standard work <br> week |
| :--- | :---: | :---: |
| Merit and Merit-Comparable ${ }^{1}$ |  |  |
| Less than 10 years: | 9.5 hours per month | 10.0 hours per month |
| At least $10>15$ years: | 11.25 hours per month | 12 hours per month |
| At least 15 years: | 13.25 hours per month | 14 hours per month |
|  |  |  |
| Exempt ${ }^{2}$ and Agency Aides |  |  |
| No service year requirements | 13.25 hours per month | 14.0 hours per month |

Employees' vacation time, or Annual Leave Time (ALT), also increases with tenure. ALT can be carried over into the next calendar year for a maximum of 318 hours for a 37.5 -hour standard work week employee and a maximum of 336 hours for a 40-hour standard work week employee.

Employees also earn approximately 15 sick days annually. Additionally, employees receive 11 statutory holidays, in addition to Election Day and Return Day during an election year, and two floating holidays. Additionally, the State also offers Parental Leave, which provides 12 weeks of paid leave for mothers and fathers in the state workforce, including educators, for paid time off with newborns and parents adopting a child six-year-old or younger. Recently, the State implemented a Paid Volunteer Leave policy for those employees seeking to assist nonprofit agencies and mentor public school children. For a Summary of Leaves extended to full-time and eligible part-time employees, please see https://dhr.delaware.gov/policies/documents/leave-reference-guide.pdf

Additional program benefits offered to state employees include health, prescription, vision, dental, employee assistance program (EAP), flexible spending accounts, pre-tax commuter account, accident, critical illness insurance, life insurance, disability insurance, a surgeons of excellence benefit, and diabetes management programs. For program use, please see Health \& Other Benefits Utilization later in the report.

## LABOR UNIONS

As of June 30, 2023, 6,641 or 43\% of Merit, Exempt and Casual/Seasonal employees were covered by one of the 48 collective bargaining units certified in state agency government.

## LABOR UNIONS (Continued)

For FY23, the graph below shows that the Department of Correction had the largest number of employees covered by bargaining units with 2,008 employees, followed by the Department of Health and Social Services with 1,319 union-represented employees. The following chart depicts the number of employees in positions covered by collective bargaining units at each Executive Branch agency. Agencies without any bargaining units do not appear on the chart.

## DIVERSITY

For FY23, minority representation (defined by the Equal Employment Opportunity Commissions refers to four ethnic minority groups: American Indians or Alaska Natives, Asians, Asians, Blacks, Hispanics, Native Hawaiians and other Pacific Islanders) across all Agencies was 38\%. Minority representation in the Executive Branch excluding Casual/Seasonal employees and board members, was 39\%. By comparison, the U.S. Bureau of Labor Statistics estimates a $29.7 \%$ minority representation in the civilian workforce in Delaware based upon the 2021 Civilian Labor Force published in the Employment status of the civilian noninstitutional population For more information, please refer to: https://dhr.delaware.gov/diversity/documents/eeo-aa-report-action-plan.pdf

The State of Delaware uses the United State Equal Employment Opportunity Commission EEO-4 categories of: White; Black or African American; Hispanic or Latino; American Indian or Alaska Native; Asian; and Native Hawaiian or Other Pacific Islander. The State then adds a Multi-Race category. Multi-race is defined as persons identifying with two or more races/diversity categories. State employees may self-identify their race/ethnicity and self-report in the State's confidential record-keeping system.

The following chart shows employees at state agencies reporting by race.

## DIVERSITY - EXECUTIVE BRANCH EEO-4 STATUS REPORT

Under Public Law 88-352, Title VII of the Civil Rights Act of 1964, as amended by the Equal Employment Opportunity Act of 1972, all state and local governments with 15 or more employees must keep records and provide EEO-4 reports to the Equal Employment Opportunity Commission. The EEO-4 reporting structure includes job categories to group employees with comparable job responsibilities at comparable levels of responsibility within an organization.

The EEO-4 job categories consist of eight groupings. The Office of Diversity and Inclusion shared their data for the FY23 Executive Branch EEO-4 Report, which is shown below. The figures show the number of Executive Branch employees only classified as Merit and Exempt (from Merit) employees in each of the EEO-4 job categories. The State of Delaware Executive Branch EEO-4 workforce is comprised of 4,838 (39\%) minority employees compared to FY22 with 4,714 (38\%) minority employees. The largest number of total employees are in the Professionals category (38\%) which remained unchanged from FY22. The largest number of total minorities are in the Paraprofessional category with 682 (62\%) minority employees which was a $3 \%$ increase from FY22 with 645 (59\%) minority employees.

The following tables present the FY23 Executive Branch EEO-4 workforce demographics by gender and minorities by category. This is an overview of the entire State of Delaware Executive Branch EEO-4 Workforce by EEO-4 job category. The "State of Delaware, FY23 Executive Branch EEO/AA Report and FY24 Action Plan" provides detailed information and analysis for the State of Delaware Executive Branch EEO-4 Workforce. The entire "State of Delaware, FY23 Executive Branch EEO/AA Report and the FY23 Action Plan Report" and the following tables are available online from the Department of Human Resources, Office of Diversity and Inclusion at https://dhr.delaware.gov/diversity/documents/eeo-aa-report-action-plan.pdf

## DIVERSITY - EXECUTIVE BRANCH

The Executive Branch EEO-4 Report for FY23 reported a total of 12,560 Executive Branch EEO-4 Employees. The total number of Executive Branch Employees reported for the Workforce Annual Report for FY23 is 12,296. The variance is a result of different reports utilized by the Office of Diversity and Inclusion for EEO-4 reporting requirements and the Human Resource reports utilized by the Office of Talent Management. The reports utilize different reporting parameters as well as customized report dates. Data for FY23 was collected from the State's Payroll Human Resource Statewide Technology (PHRST) database June 30, 2023, at 11:59 p.m.

## Executive Branch Representation by Gender

## RECRUITMENT \& RETENTION

The Department of Human Resources (DHR) centrally manages the posting of vacant positions and forwards referral lists of qualified candidates to hiring managers for several Executive and non-Executive branch agencies. In recent years, there has been a focus on making the hiring process more centralized and efficient. The State tracks metrics for agencies including time to recruit shown as requisition to open (post vacancy), close to referral list issued, time to hire (posting to conditional offer), and time to fill (referral list to conditional offer).

The Average Time to Hire decreased to 38 days and the Average Time to Fill is down to $\mathbf{5 6}$ days this fiscal year.

The average time from receiving a request to advertise the vacant position to posting the vacancy is now four (4) days. The average time from closing a posted vacancy to issuing the referral list of qualified candidates to the hiring manager is down to four (4) days.

These decreases are due to streamlining the processes related to posting and filling vacant positions.
In FY23, the State received 46,911 applications which was 5,152 greater than FY22. In FY22, the State received 41,759 applications. Below is a yearly comparison followed by these numbers charted.

## RECRUITMENT \& RETENTION (Continued)

In order to address hiring and retention challenges, Delaware Governor John Carney and the General Assembly have increased salaries for state employees by an average of 12\% for FY23 and FY24. State employees at the lower end of the pay scales have seen their salaries increase by as much as $18 \%$ in this two-year period.

With the support of Governor Carney, the Office of Management and Budget, and the General Assembly, the Delaware Department of Human Resources also has aggressively implemented several initiatives to attract and retain State employees for in-demand positions. In-demand positions are determined using recruitment and turnover data. The following positions have been identified as in-demand positions requiring additional recruiting efforts:

| Position(s) | Agency |
| :---: | :---: |
| RNs, Speciality Nurses and Supervisors | Department Health and Social Services \& Department of State |
| LPNs | Department Health and Social Services \& Department of State |
| CNAs | Department Health and Social Services \& Department of State |
| Social Workers | Department Health and Social Services |
| Teachers Aides/Special Education Teachers | Department of Services for Children, Youth \& Their Families |
| Family/Youth Specialists | Department of Services for Children, Youth \& Their Families |
| Engineers | Department of Transportation \& Department of Natural Resources |
| Correction Officers | Department of Correction |
| Telecommunications 911 | Department of Safety \& Homeland Security/DSP |
| Facilities Enhancements | Office of Management \& Budget |
| Disability Adjudicators Series I-III | Department of Labor |

## RECRUITMENT \& RETENTION (Continued)

The recruitment and retention incentives, developed and implemented for in-demand positions, include signon, referral and retention bonuses. The chart below summarizes job classifications approved for sign-on, referral and retention bonuses.

| Position(s) | Retention Bonus |  | Referral Bonus |  | Sign-on Bonus |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |

| Disability Adjudicators Series I-III | \$ | - | \$ | 1,000.00 | \$ | 6,000.00 |

The recruitment and retention initiatives implemented in previous years continued into this fiscal year and they include:

- Sign-on bonuses, referral incentives and retention bonuses;
- Marketing campaigns for state jobs across social media and traditional media sites;
- Enacting legislation to induce eligible employees to delay some retirements;
- Improving data gathering and analyzing capabilities to focus on retention impacts; and,
- Recognition of the importance of a uniform onboarding process, as studies show that a better onboarding experience correlates with higher employee retention.

The State continues to address these challenges and has implemented the following measures:

- Passed legislation decreasing the eligibility waiting period for health and other benefits from the $1^{\text {st }}$ of the month after 90 days, to the $1^{\text {st }}$ of the month following the eligible employee's date of hire, effective January 1, 2024.
- Developed an innovative tuition incentive program to enhance the recruitment of Certified Nurse Assistants (CNAs) in the state's workforce starting December 1, 2023. Following a public request for proposal process, Delaware's Department of Human Resources selected three agencies to train CNAs, with the State covering the tuition cost for CNA candidates of up to $\$ 3,000$ per student.

## EMPLOYMENT ACTIONS - MERIT EMPLOYEES

The following defines employment actions reported for Merit employees within state agencies for this report:
New Hire: The act of employing an individual, who had not been previously employed by the State, for a Merit or Exempt position.

Rehire: The reemployment of an employee after leaving state service. Vacant positions may be filled through a hire, transfer, or rehire.

Promotion: The movement of an employee from a position in a class of a lower pay grade to a position in a class of a higher pay grade within an Agency through a process other than reclassification. (Promotions across Agencies are not included in this count.)

Transfer: Any movement between positions and/or organizations in the same pay grade and with no break in service, which includes promotions and demotions across Agencies.

Demotion: The voluntary or involuntary movement of an employee from a position in a class of a higher pay grade to a position in a class of a lower pay grade within an Agency through a process other than reclassification. (Demotions across Agencies are not included in this count.)

Termination: Employee separation from state service which results in the termination of benefits and pay.

Retirement: Employee separation from state service due to an employee meeting the eligibility criteria as defined in Title 29 Chapter 55 which results in the termination of benefits and pay in PHRST.

## EMPLOYMENT ACTIONS - MERIT EMPLOYEES (Continued)

In FY23, State Agencies reported internal employment actions included: 874 hires, 910 transfers, 388 rehires, 1,461 promotions, and 78 demotions. State employee (promotions, demotions, and transfers) accounted for $48 \%$ of all employment actions.

## EMPLOYMENT ACTION TRENDS CHARTED FOR FY'06 - FY'23

National reports suggested that the COVID-19 pandemic created the so-called "Great Resignation," with reports of up to $40 \%$ of employees in the public and private sector resigning. Further research concludes that the so-called "Great Resignation" was inflated. Recent research from Goldman Sachs' economists shows two-thirds of the people leaving jobs during the pandemic retired, not resigned. ${ }^{2}$ While some opted for early retirement, there has not been a critical mass of resignations at the national or state government level.

The State workforce has experienced an average number of retirements, even during the height of the pandemic years of 2020-2022. Data shows the number of state employees retiring has remained steady from 2006 through 2023, as seen in the chart above. For FY23, $35.5 \%$ of state employees were identified as being eligible to retire within 5 years. This pattern remains fairly consistent throughout each of the years spanning from 2006-2023.

Historically, new hires outpaced the number of resignations, with the exception of the COVID19 pandemic. FY21 and FY22 hiring actions decreased and resignations increased. Fiscal 2023 data reflects a possible return to normalcy and stabilization with the increased number of new hires and the decrease in the number of resignations.

## EMPLOYMENT ACTIONS - MERIT EMPLOYEES (Continued)

Promotions for Merit employees within State Agencies (the same organization) made up $29 \%$ of the employment actions in FY23. Employees may be promoted through either a career ladder promotion process by meeting promotional standards or through a competitive hiring process.

The Department of Correction had the greatest number of promotions, which accounted for $27 \%$ of the total number of promotions for all Merit employees. The following state agencies were above $10 \%$ in the number of promotions for all Merit employees: Department of Transportation (18\%) and the Department of Services for Children, Youth and Their Families (12\%). The charts below illustrate the Merit employee promotions by gender and minority status at agencies reporting.

## RETENTION - MERIT EMPLOYESS

The Turnover rate in FY23 was calculated as (Terminations + Retirements) / (Average of Time Period Beginning and End Count for Merit Classified Employees) and does not include Transfers between state agencies. Applying this formula to the data below represents an overall turnover rate of $13 \%$ for FY23.

The Merit Employee Turnover Chart below details the Merit Employee turnover for FY23, FY22, FY21 and FY18 (pre-Covid-19 and 5-year mark). The chart includes the number of total Separations (Terminations + Retirements), the total number of Merit Employees and the Turnover percent for each Fiscal Year.

Based upon the data, FY22 recorded the highest Merit Employee Turnover percentage at 16\%. Pre-Covid19 or FY18 recorded the lowest Merit Employee Turnover at 11\%. It appears that FY23 is trending back to normalcy with a $13 \%$ turnover rate which is a $3 \%$ reduction from FY22.

## RETENTION - MERIT EMPLOYEES (Continued)

The Chart below compares the percentage of turnover for FY23, FY22, FY21 and FY18 (pre-Covid-19- and 5 -year mark) by the category for the separation (Retirement, Resignations, Dismissals, Long-Term Disability, Deaths and Other) and the Overall Turnover percentage for the fiscal year.
The highest percentage of Retirements occurred in FY18 at 33\% of all separation actions. The percentage of Retirements has continued to decline each year resulting in a Retirement percentage of $24 \%$ for FY23. FY23 Resignations had decreased by 4\% from FY22. The highest percentage of Resignations occurred in FY22 at 62\% of all separation actions. FY23 Resignations had decreased by 4\% from Fiscal Year 2022.

## RETENTION - EMPLOYEE EXIT SURVEY

Based on the exit survey results collected from State Agencies, for FY23, the five primary reasons for employees leaving the State includes: pay, taking a position with another State Agency or private employer, retirement, workplace culture and lack of opportunities for advancement. These reasons have remained the same over the past several years while the percentages have varied slightly. Reasons for leaving with percentages include:

|  |  |  |
| :---: | :---: | :---: |
| Ranking | Primary Reasons For Leaving | Percentage of Total Responses |
| 1 | Pay | $21.5 \%$ |
| 2 | Job with Another State Agency | $12.9 \%$ |
| 3 | Retirement | $9.8 \%$ |
| 4 | Workplace Culture | $9.0 \%$ |
| 5 | Lack of Opportunities for Advancement | $7.7 \%$ |

The chart below details the employee responses to the question, "What is the primary reason you are leaving?" Statistics suggests that employees who selected "other" as the reason for leaving indicated in comments the actual reason was one of the categories listed below. Approximately $31 \%$ of the respondents skipped this question.

## RETENTION - EMPLOYEE EXIT SURVEY (Continued)

The survey also asked the participants to rate their Agency's workplace experience, situations and environment. The question used a scale with the following ratings: 5 - Excellent, 4 - Very Good, 3 - Average, 2 - Below Average, 1 - Poor.

Since the respondents were allowed to skip questions, the percentages shown depend on the total number who answered in each category which lowers the veracity of these statistics. Although these ratings provide information, it is difficult to rely on these results as the percentages are based only on those who answered the questions.

The following chart summarizes the results for respondents rating of their Agency workplace experience, situations, and environment.

## RETIREMENT ELIGIBILITY

State of Delaware employees in the most populous plan, the State Employees' Pension Plan, hired before January 1, 2012, are eligible to receive a service pension with any of the following combinations of years of service and age after five years of consecutive service:

- 30 years of credited service at any age
- 15 years of credited service at age 60
- 5 years of consecutive credited service at age 62

Employees hired on or after January 1, 2012, are eligible for a vested pension with 10 years of credited service at age 65 or 20 years of credited service at age 60 with five years of consecutive credited service.

Employees in specific classifications, such as Correctional Officers and 911 Operators, are eligible to retire with 25 years of pension-credited service without a reduction. These employees must acquire at least 20 years of pension-credited service within specific job classifications listed on Office of Pension website.

More detailed information can be found in the State Employees' Pension Plan Summary Plan Description on the Office of Pensions website, www.delawarepensions.com.

The average age of those who retired in FY23 was 61 years and 4 months. The retirement age has slightly decreased each year since FY21. The average retirement age in FY21 was 62 years 4 months and FY22 average retirement age was 62 years 1 month.

Within the next five years, 14,003 ( $35.5 \%$ ) Delaware State Employees are projected to be eligible for retirement. This number includes employees eligible to retire with full and reduced pensions based on creditable service and age criteria. In FY23, the State of Delaware had a total of 39,412 actively participating pension eligible employees. A total number of 1,343 (3.4\%) employees retired during FY23. At the end of FY23, 4,029 (10.2\%) State of Delaware employees were eligible to retire immediately and $9,974(25.3 \%)$ are eligible to retire in five (5) years. Projections are based on the employee's age and length of creditable service as of June 30, 2023.

## Executive Branch Employees Eligible to Retire within 5 Years

## RETIREMENT ELIGIBILITY - DELAWARE TEACHERS

Based upon state Pension Eligible Reports for FY23, 328 teachers in Delaware public and charter schools are eligible to retire immediately. Significantly, out of more than 9,000 teachers in Delaware's public and charter schools, a total of 1,826 teachers will be eligible to retire in the next five years.

The chart below compares the number of teachers eligible to retire for FY22 vs. FY23. The chart further details the number of teachers "Eligible to Retire Now" and those "Eligible to Retire in the Next Five (5) Years."

The total number of teachers eligible to retire has increased 5\% since FY22 while the number of teachers eligible to "Retire Now" has decreased by 5\% since FY22.

## HEALTH BENEFITS UTILIZATION

The Statewide Benefits Office (SBO) is responsible for the strategic planning, daily administration, and financial management of all health and related benefit programs for employees at state agencies, school districts, charter schools, and higher education, as well as state pensioners and covered dependents.

Below is a helpful key for the charts under the "Health Benefits Utilization" section:

- State Agency Average: Includes data for all state agencies based on enrollment in a State of Delaware non-Medicare health plan. Excludes school districts, charter schools, Delaware Technical Community College (DTCC), and Delaware State University (DSU).
- State Average: Includes data for all state agencies, school districts, charter schools, DTCC, and DSU based on enrollment in a State of Delaware non-Medicare health plan.
- Employees: Includes employees enrolled in a State of Delaware non-Medicare health plan.
- All Members: Includes employees, spouses, and dependent children who are enrolled in a State of Delaware non-Medicare health plan.

Note: Due to the COVID-19 pandemic, FY21 and FY22 data should be interpreted with caution due to the overall reduction in healthcare utilization among Group Health Insurance Plan (GHIP) members.

The following chart shows the percentage of enrollment in a State of Delaware non-Medicare health plan by age and gender. In FY23, the highest percentage of employees enrolled in a State of Delaware non-Medicare health plan was between 45-64 years of age, and this has remained consistent over the years.

SBO functions as the "administrative arm" of the State Employee Benefits Committee (SEBC) by implementing actions to achieve the goals, strategies, and tactics in the Group Health Insurance Plan (GHIP) Strategic Framework. Within the GHIP Strategic Framework, there are strategies and tactics that focus on continuing to educate members on the availability of preventive care and GHIP care management and lifestyle risk reduction program to support healthy lifestyles.

The chart below shows the percentage of the population that had the recommended screening (based on age and other parameters) during the reporting period. In FY23, state agency screening rates for cervical cancer, breast cancer, colon cancer, and annual physical exams were idenitfied as not performing as well as the state average and indicate areas of opportunity. Most preventive care is covered at $\mathbf{1 0 0 \%}$ (meaning no charge) to covered members through their State of Delaware non-Medicare health plan. The SBO and the health plan vendors use multiple modes of communication to promote the importance of preventive care to employees. There is a Preventive Care page on the SBO website (https://dhr.delaware.gov/benefits/preventivecare/index.shtml) with preventive health schedules and more.

The following chart shows the top five most prevalent chronic conditions with respect to employees that can be effectively managed. These conditions include hypertension, high cholesterol, diabetes, osteoarthritis, and overweight/obesity. In FY23, state agency condition prevalence numbers for the conditions noted were idenitfied as not performing as well as the state average and indicate areas of opportunity. Wellness and condition care programs and resources are available through the State of Delaware's health plan vendors. The SBO and the health plan vendors use multiple modes of communication to promote these resources to employees. In addition, there are resource pages for diabetes, heart health, musculoskeletal pain, and weight management on the SBO website at https://dhr.delaware.gov/benefits/.

Behavioral Health Prevalence is the percentage of the population with a diagnosis of anxiety, depression, or substance abuse. In FY23, the state agency average for substance abuse was identified as not performing as well as the state average and indicates an area of opportunity. Confidential emotional support and counseling, interactive digital behavioral health tools, work-life solutions, and more are available through the State of Delaware's Employee Assistance Program (EAP) vendor. SBO and the EAP vendor use multiple modes of communication to promote the resources available through the EAP to employees. In addition, there is a Behavioral Health/ Emotional Wellbeing Resources page (https://dhr.delaware.gov/benefits/behavioralhealth/index.shtml) on the SBO website.
